How You'll "Learn By Doing"

Students will participate in a variety of activities such as the following:

- pair and group discussions,
- projects in the form of case studies or simulations,
- software program use to generate data and analyze reports,
- inquiry based learning, and
- other "real world" learning tasks.

Partner with HR professionals on projects for real-world experience.

What You'll Need to Do to Graduate

- Attend all classes and activities. Arrive on time every day. Participate fully and ask questions.
- Ask instructors or advisors for help when you need it, and ask for help early!
- Purchase all required books and supplies.
- This is a "Bring Your Own Device" program. See information about this [here](#).
- Work co-operatively in teams and behave respectfully towards all students, staff and partners.
English only.
- **No cell phones** during class activity.

- Practice all skills until you can demonstrate “mastery”. Complete all homework, review class notes, turn notes into study questions, plan your study schedule, and meet with a partner or group to practice tasks.
- To graduate, you must pass all courses **and** have a grade point average (GPA) of C (60%). Passing many courses with only a D (50%) can make your GPA too low to graduate. Re-testing is generally not an option. If you fail a course, it may not be available again until the following year.
- All English skills (reading, writing, listening, speaking) are important. Evaluation will include tests, group projects, presentations, public events and research papers.
- Complete all evaluations.
- **Do your own work.** Cheating, not referencing sources of your ideas, or using other people’s work could result in failing grades/suspension.
