

Become part of a team known across North America for research excellence

Position: Summer Research Technician

Location: Minto, MB

Term: May 1, 2017 to August 31, 2017

Established in 1983, Ag-Quest, Inc. has become one of the foremost providers of agricultural research services in North America. Ag-Quest focuses on research in the following areas: Environmental Fate, Pesticide Efficacy, Variety Evaluations, Plant Breeding, Disease Nurseries, Agronomics and Insect Screens.

Benefits:

- Competitive monthly salary
- Explore agricultural research as a career path
- Training and experience in scientific principles and sampling techniques
- Gain valuable equipment expertise

Duties:

- Work as part of a team and independently
- Establishment and maintenance of small plot research trials
- Data collection and entry
- Crop sampling and harvesting

Qualifications:

- First year to graduating students in all disciplines
- Strong communication skills and detail oriented
- Ability to work extended hours when necessary
- Must possess a valid driver's license
- Previous research or farm experience is an asset but is not necessary
