Instructor, Civil Technician School of Trades & Technology

Full-Time Regular

Competition# 52-17/18

Salary: \$57,742 to \$85,771 annual

(Educational supplement: Masters \$2,725 annual, PHD \$5,450 annual)

Instructor

Assiniboine Community College strives to create Exceptional Learning Experiences for our students. We place a high priority on student success and are committed to building an environment that creates and supports a high level of student engagement. The School of Trades & Technology requires a dynamic instructor for our Civil Technician certificate program. This ten month engineering technology program offers students the opportunity to become proficient in CAD skills, drafting fundamentals, land and construction surveying skills, and the basic design concepts for residential construction.

Be Passionate

You are an engaging and forward-thinking Civil Technologist or Engineer with several years' experience in the civil technology field and you're ready to share your knowledge with our students. You have experience in classroom instruction and management, student evaluations, academic counseling, work placements, records and equipment maintenance, and related administrative duties.

Take Initiative

You have an excellent grasp of AutoCAD; hand drafting and sketching; basic civil structures analyses; blueprint reading; and construction techniques. Additionally, you have excellent communication skills and you thrive while working within a team environment.

Deliver Results

If you are up to the challenge of creating a truly remarkable experience for our students and our community then we look forward to your application.

This competition will remain open until filled.

Assiniboine Community College campuses are located on traditional territories of Treaty No.1 and Treaty No.2, the shared traditional lands of Cree, Oji-Cree, Dakota, Dene and Anishinabek/Ojibwe peoples, and the homeland of the Métis Nation.
