The Manitoba government recognizes the importance of building an exemplary civil service that is inclusive and reflective of the population it serves. We encourage applicants to voluntarily self-declare in the cover letter, resumé or application if they are from any of the following employment equity groups: women, Indigenous people, visible minorities, and persons with disabilities.

This is a preference competition. All applicants are encouraged to apply, however first consideration for this competition will be given to women, Indigenous people and persons with disabilities. Applicants are requested to self-declare at the time of application.

An eligibility list may be created for similar positions and will remain in effect for 12 months.

Introduction

The Manitoba government is seeking a highly motivated 4th class Power Engineer to work with Accommodation Services Division in Headingley Correctional Centre. This position offers reliable and full time employment with a defined pension plan. The Manitoba government also provides an excellent benefits package which includes extended health, health spending, dental, vision, long term disability, supportive employment, sick leave, paid vacation and maternity/parental leave. Manitoba Finance provides ongoing professional and educational development for its employees.

Conditions of Employment:

- Must be legally entitled to work in Canada
- Must have a valid 4th Class Power Engineering Certificate Registered with the Province of Manitoba.
- Must have ability to work on call, work alone, work outdoors and work with exposure to steam, chemicals, noise and dust.
- Must provide and maintain a satisfactory Criminal Record Check and Child Abuse Registry Check
- Must have a valid 5th Class Full driver's licence and ability to travel within the District.
- Must be physically able to perform the duties of the position, including working at heights, in confined spaces, and wearing personal protective equipment.

Qualifications:

Essential:

- Manitoba 4rd Class Power Engineering certificate.
- Experience in operating, maintenance and repair of a Low or High Pressure Heating plant and its auxiliaries.
- Experience with computers and computerized facility maintenance management systems.
- Experience with HVAC operations, life safety systems and DDC operations.
- Time management skills with the ability to plan and follow up.
- Interpersonal skills to communicate effectively and respectfully with internal and external contacts.
- Analytical and problem solving skills.
- Ability to work independently while demonstrating initiative.
- Knowledge of the Workplace Safety and Health Act, and any other relevant safety policies and legislation.

Desired:

- Experience working with computerized building control systems and associated software.

Duties:

Under the supervision of the Chief Engineer, or designate, the Power Engineer performs duties required under the Power Engineers Act to operate boilers, chillers and auxiliary equipment including HVAC in a safe and efficient manner at the Headingley Correctional Centre. Must be capable of performing scheduled and breakdown maintenance and responding to emergencies as required. May be required to assist in maintenance and repairs to buildings and equipment at this facility and others in the District.
