

Gilbert Plains Co-op is looking for a full time Sales Agronomist to join our team. We are seeking a self-motivated, ambitious, and energetic individual who will be involved in finding innovative solutions to help farmers grow their business.

Duties and Responsibilities:

- Come to work with a positive, professional approach and attitude.
- Ensure outstanding courteous customer service is provided at all times.
- Provide weed, disease and insect control advice to customers as required.
- Provide field activities such as scouting and soil testing where required and communicate results effectively to grower customers.
- Act as a facilitator for the resolution of product complaint between the customer and supplier within the shortest possible time frame.
- Be responsible for the compiling of accurate records and administration of the agronomy area.
- Ensure that the Co-operative's equipment is being operated and maintained in a safe and responsible manner and maintenance of assigned vehicle
- Adherence to general health and safety
- Direct sales calls to potential and current clients
- An interest in continuing both personal and professional development
- Other duties as assigned

Qualifications:

- Diploma or Degree in Agriculture or related field
- Certified Crop Advisor Designation is an asset
- Strong customer service skills
- Excellent leadership, interpersonal, organizational, and verbal and written communication skills
- Ability to work both independently and as a member of a highly motivated team
- Ability to foster a culture focused on safety, innovation, and teamwork
- Alignment with Gilbert Plains Co-op's values of Excellence, Integrity and Progressive

Gilbert Plains Coop offers a competitive salary and a comprehensive benefits package that includes extended health, dental, life insurance, long term disability, and pension, along with excellent training. If you have the desire to grow and develop, the opportunities are endless.

If you feel this role would be a great fit with your skills and experience, and want to embrace the possibilities and evolution of this challenging and rewarding career opportunity, we look forward to having you join our team!
