

Reporting Analyst

Looking for a [great](#) place to work? Are you interested in joining one of [Canada's top employers](#)?

Do you have a passion for data and the layers behind the data? Are you analytical and customer driven with strong organizational skills? Do your strengths include gathering data, ensuring it's integrity as well as creating and maintaining clean and easy to understand reports for multiple stakeholders to interpret?

If you answered "Yes", then keep on reading as we may have the perfect position for you!

Working within our Business Intelligence team, the Reporting Analyst is responsible for delivering reports and solutions that meet the needs of the business and supporting those solutions once delivered. Additionally, the Reporting Analyst is responsible for delivering exceptional customer service and providing solutions to the organization's decision making processes and corporate performance management.

What you will deliver on:

- Participate in the development of new reports and optimize existing reports
- Identify and facilitate implementation of reporting and process improvement opportunities
- Collaborate with business users to assist in defining strategic solutions that solve business issues
- Provide analysis of reports, identify trends and anomalies
- Perform analysis of data sources and processes to ensure data integrity, completeness and accuracy
- Apply innovative and advanced analytical thinking to document, develop and resolve complex problems and challenges

Here's what we're looking for:

- Minimum 3 years of demonstrated experience in business analysis, intelligence operations or equivalent education
- Post-secondary education in business, computer science or statistics
- Knowledge and understanding of database principles to enable analysis and/or reporting
- Excellent level of analytical and problem solving skills
- Strong attention to detail and accuracy with the ability to multi task
- Ability to create reports in WebFOCUS or comparable Business Intelligence reporting tools
- Advanced skills in SQL and Excel (use of Salesforce or business intelligence software will be considered a definite asset!)
- Strong interpersonal and organizational skills with the capacity to efficiently work independently and as part of a team
- Excellent communication skills, both verbal and written

We work hard, play hard and have a ton of fun along the way! If you are interested in joining a growing organization that has a [unique culture](#), then we would love to hear from you!
