

## Agronomy Research Intern 2019

All candidates must complete Cargill's online application prior to interviewing. Below you will find a link that will direct you to complete the application for this position. To be considered for employment with Cargill, you must apply online and complete the entire application process, along with an e-signature. Please complete your application as soon as possible.

**Position Application:** <https://cargill.taleo.net/careersection/10220/jobdetail.ftl?job=CAN00607&tz=GMT-05%3A00>

### **Internships at Cargill:**

Imagine an internship where you get the chance to apply knowledge gained in the classroom to a real-life environment and then multiply that tenfold. From day one, you will be an integral part of the team. Internships are 16 weeks long, and we pride ourselves on having one of the most diverse internship programs in the industry. During the internship, you will tackle real challenges, cultivate your curiosity, have client exposure, enjoy both personal and team accomplishments and have your initiative acknowledged along the way. You will collaborate and build relationships with colleagues and clients who represent diverse work, culture and resolution styles. We look for people who want to grow, support, think and produce.

### **Agronomy Research Internship:**

You will work with the Research Agronomist to manage and maintain canola research plots in Western Canada. The private research trials that you manage will be used in the evaluation of specialty canola oil varieties with commercial potential. We are looking for highly ambitious, innovative, have desire for continuous learning and are able to quickly adapt to a rapidly evolving and highly motivated research/ team environment.

### **Training:**

You will assist in successful research trial management, which includes seeding cultivating, spraying, harvesting, and data collection. You will operate and perform some maintenance on small plot equipment, including seeders, sprayers, swathers and combines. You will work with an interdisciplinary team including other research and support teams to organize resources effectively and to meet all business objectives.

### **Internship Programming:**

- Cargill offers relocation reimbursement to interns who qualify (based on mileage).
- Internships are paid and are at least 16 weeks in duration.
- Day-to-day transportation to and from work is the responsibility of the intern.
- Interns who demonstrate exceptional performance and a curiosity to learn more may be offered a full-time position for the following year.

### **Job Locations:**

- Elm Creek, MB
- Camrose, AB
- Aberdeen, SK

### **Required Qualifications:**

- Pursuing a Bachelor's degree from an accredited program in an Agriculture-related field, graduating between December 2019 and May 2021.
- Must be legally entitled to work for Cargill in Canada
- A valid Canadian driver's license and clean driving record
- Ability to obtain heavy trailer endorsement
- Excellent interpersonal and communication skills, self-motivated and attentive to detail
- Strong problem solving, analytical, decision-making, and organizational skills
- Willing to travel if needed within Western Canada
- Demonstrated ability to work effectively with individuals from diverse backgrounds and cultures
- All candidates must be geographically flexible and willing to relocate for an internship opportunity anywhere in the Canada.
- **Able to complete a 16-week internship in the summer (May - August 2019)**
- Must possess a high degree of initiative and resourcefulness in completing work with limited guidance
- Must be able to complete essential functions of this job as outlined in the job description with reasonable accommodations

**Preferred Qualifications:**

- Experience in Agriculture
- Experience hauling trailers
- Mechanical aptitude with the ability to operate machinery
- Overall 3.0 GPA or higher
