

Vegetation Management Supervisor

Our business is growing throughout western Canada. We need Vegetation Management Supervisors to supervise several vegetation management technician crews in the field, support current clients, and continue developing future business. This is a full time year round position. A great opportunity for Forestry, Agriculture and Environmental graduates with degrees or a diplomas.

A strong knowledge in weed identification and pesticide application is essential to fulfill this role. A desire to expand your knowledge and experience in clearing, brushing, mulching, and developing right of ways is beneficial. Travel expenses are provided including accommodations and a meal allowance while working away from home base. ACE offers competitive wages and overtime when required.

A pesticide applicators license for AB or BC is required. Individuals with a PMP designation or working towards one are favored.

Your skill set will require:

- Herbicide application and weed management
- Developing Integrated Pesticide Management plans
- Record keeping
- Inventory and equipment management
- Equipment operation
- Scheduling and tracking work crews
- Managing conflicting schedules
- Inspecting sites for quality control
- Estimating and Budgeting
- Communication
- Developing your experience in clearing, brushing, and right of ways
- Quality customer contact and public relations to support driving sales

You must be able to provide a (relatively) clean driving abstract and pass a drug and alcohol test prior to employment. Ace Vegetation endeavors to set up all employees for success.

If you meet these qualifications, we invite you to email your cover letter and resume to

psherback@acevegetation.com

ACE Vegetation is a leading western Canadian vegetation control company with over 35 years of experience. We are proud of our reputation as a professional, resourceful, and service orientated company. Our training program continually strives to be the best in the industry. In addition to spray services, we also provide mulching, mowing, reclamation, and consulting services to the Utility, Oil and Gas, and pipeline sectors. We look forward to hearing from you.
