Instructor Math and Science

School of Agriculture & Environment (Civil Technician Program)

Brandon, MB

Full-time Term to May 2020

Competition #

Salary: \$30.76 to \$45.70 hourly

(Educational Supplement: Master's degree \$2,725 per annum; PhD \$5,450 per annum)

Assiniboine Community College strives to create Exceptional Learning Experiences for our students. We place a high priority on student success and are committed to building an environment that creates and supports a high level of student engagement. The School Agriculture & Environment is seeking an instructor to teach chemistry and math to students in our Civil Technician program.

Assiniboine's Civil Technician Certificate program emphasizes practical applied learning in computer-aided design (CAD), land and construction surveying, drafting fundamentals, and basic design concepts for residential construction. We provide students with hands-on learning through labs and lectures, and a dynamic, student-focused atmosphere of small classes and experienced faculty.

Be Passionate.

We are looking for a passionate instructor who is outstanding in their field, who can teach a variety of courses such as Algebra, Calculus, Geometry and Chemistry . You will be a professional ready to contribute to producing quality programs that are responsive to Manitoba's labour market.

Take Initiative.

You will deliver highly interactive, hands-on classes where student success is the goal. You will be an engaging and forward-thinking instructor, who embraces our "learn by doing" philosophy while providing leadership and mentorship to students.

Deliver Results.

To deliver results, you will have post-secondary education in Math and/or Chemistry or a closely related discipline. Professional Engineering or Engineering Technology experience and background is an asset. You will work closely with a multidisciplinary faculty in civil technology and communication engineering technology, as well as with other stakeholders in the community and the province. Post-secondary teaching experience including distance education development and delivery experience is an asset.

This competition will remain open until filled.

Assiniboine Community College campuses are located on traditional territories of Treaty No.1 and Treaty No.2, the shared traditional lands of Cree, Oji-Cree, Dakota, Dene and Anishinabek/Ojibwe peoples, and the homeland of the Métis Nation.
