

Committed to excellence in their products, practices, and most importantly, their people, Simplot Canada seeks a competitive advantage within the industry by:

- Creating a rewarding environment for individual contributors
- Hiring passionate people who seek a career at an innovative company
- Providing training and continuously working to improve the workplace

[Have you met Simplot Canada?](#)

The J.R. Simplot Company is one of the largest privately held food and agribusiness companies in the nation, though at heart they're as small as a single farmer. They pioneer innovations in plant nutrition and food processing, research new ways to feed animals and sustain ecosystems, and strive to feed a growing global population. At Simplot, they're in the business of Bringing Earth's Resources to Life.

How to Apply:

Please apply online at jobs.peoplefirsthr.com or by emailing your resume in confidence to Chris Gomes at cgomes@peoplefirsthr.com. For more information about this career opportunity please call Tara Gousseau at 204.940.3928.

We thank all applicants for their interest; however, only those selected will be contacted.

Quality Assurance Technician

Portage la Prairie, MB

Simplot Canada's Portage la Prairie facility is one of five plants within the processed potatoes sector of the Food Group Division and they are growing, literally! Simplot is undergoing a major expansion of its Portage Processing Plant and are seeking a **Quality Assurance (QA) Technician** to add to their team.

Reporting to the Shift Packaging Supervisor and the Shift Manager, the **QA Technician** will be providing data used in making quality determination through product evaluations. As the **QA Technician** you will be responsible for fully understanding the purpose and operation of the QA Lab along with the ability to make decisions based on sound judgment when a situation dictates.

What your responsibilities will be:

- Performing product sampling and evaluation duties as outlined in the QA procedure manual.
- Reporting quality problems to the QA Team Leader, Shift Packaging Supervisor, and the Shift Manager.
- Holding product and conducts lot sampling for the disposition of product.
- Ensuring accuracy, completeness and timeliness of documents.
- Maintaining a neat and clean appearance in the working area; assists with sanitation and shut-down clean-up responsibilities.

You and Your Experience:

- Must demonstrate ability to complete various math operations.
- Must demonstrate basic computer skills.
- Must be able to work with chemicals.
- Strong time management skills and self-motivated.
- Excellent multi-tasking, prioritizing, and attention to detail skills.
- Great communication skills, with the ability to make sound judgement calls on the fly.
- Exceptional interpersonal and customer service skills related to dealing with all levels of staff in the organization and externally.
- Ability to work flexible hours.
