

Cost Analyst – Brandon, MB

The Opportunity:

The Cost Analyst (CA) provides support to the Brandon operations team. The CA is responsible for operations performance measurement and plays a key role in supporting manufacturing initiatives. As a member of the Finance team, the CA will take part in overhead management, weekly and period end reporting and play a key role in providing the right information to plant management in order for the best decisions to be made.

A snap shot of some of the exciting things you will lead and do:

- Provide detailed yield/manufacturing analytics to management for decision making purposes
- Ensure all information is correctly reported and provide a daily yield report to manufacturing
- Investigate and correct if necessary any yield/quantity discrepancies
- Ensure controls are in place to correctly report manufacturing performance
- Be a yield subject matter expert and assist manufacturing foreman in their understanding of yield reporting
- Provide financial analysis on Bill of Material change requests
- Work with manufacturing/engineering/finance to put in place more efficient and accurate procedures
- Be familiar with new SKU process and assist in ensuring all new SKUs are setup correctly
- As part of the Finance team, assist budget managers in managing their budgets, as well as participate in period end duties where required
- Be active and participate in Six Sigma projects

What we have to offer you:

- Be part of a company with an inspiring and unique vision, with a deep commitment to sustainability and expanding its leadership in sustainable protein across North America
- Professional and career development opportunities, supported by our commitment to talent development through our partnership with the Ivey School of Business.
- Competitive Health and Wellness benefits that start on your first day of employment
- Defined Contribution Pension Plan
- Commitment to Learning – courses, resources and tools provided to all employees
- Employee Assistance Program

What you will bring:

- Post-secondary education in an Accounting program
- Proficiency with MS Office, especially Excel and Access
- Knowledge of SAP or an ERP environment is an asset
- The ability to work cross-functionally
- Excellent interpersonal and communication skills
- Strong leadership and team building skills
