Internships at Cargill:

Imagine an internship where you get the chance to apply knowledge gained in the classroom to a real-life environment and then multiply that tenfold. From day one, you will be an integral part of the team. Internships are 16 weeks long, and we pride ourselves on having one of the most diverse internship programs in the industry. During the internship, you will tackle real challenges, cultivate your curiosity, have client exposure, enjoy both personal and team accomplishments and have your initiative acknowledged along the way. You will collaborate and build relationships with colleagues and clients who represent diverse work, culture and resolution styles. We look for people who want to grow, support, think and produce.

Sales Consultant Internship:

As the **Sales Consultant Intern**, you will work with a strong support team - Feed Consultants, Sales Coaches, Technical Support Managers and others. Cargill's feed based research is the largest in the world providing our Feed Consultants with leading edge products, programs and information to support the success of the producers with whom they work. You will be given the opportunity to gain a broader insight into the dynamic Agri-Industry and develop better understanding of the opportunities available at Cargill for full time work after graduation. We have opportunities in the Ruminant, Swine and Farm Store divisions. Please indicate in your application which is your area of interest.

Training:

Throughout your summer with us, you will be given extensive and on-going training in the areas of nutrition, animal husbandry and sales. You will be using the latest computer technology and maintaining a computerized client data base. You will be involved in specific market based projects designed to help support on farm monitoring of production performance.

Internship Programming:

- Cargill offers relocation reimbursement to interns who qualify (based on mileage).
- Internships are paid and are at least 16 weeks in duration.
- Day-to-day transportation to and from work is the responsibility of the intern.
- Interns who demonstrate exceptional performance and a curiosity to learn more may be offered a full-time position for the following year.

Job Locations:

- Woodstock, ON
- Addison, ON
- St. Romuald, QC
- Lethbridge, AB
- Plant and office setting, must be open to interning in either type of setting

Required Qualifications:

- Pursuing a Bachelor's degree or diploma in Animal Science, Ag Business, or related Agricultural degree graduating between December 2020 and May 2022.
- Must be legally entitled to work for Cargill in Canada
- A valid Canadian driver's license and clean driving record
- Frequent travel by personal vehicle within assigned region for meetings with customers, prospects and other Cargill personnel.
- Demonstrated ability to work effectively with individuals from diverse backgrounds and cultures
- All candidates must be geographically flexible and willing to relocate for an internship opportunity anywhere in the Canada.
- Able to complete a 16-week internship May - August 2020
- Must possess a high degree of initiative and resourcefulness in completing work with limited guidance

Preferred Qualifications:

- Overall 3.0 GPA or higher
