

Country Operations Intern

Multiple Locations in Ontario, Manitoba, Saskatchewan, Alberta

Join a team that shares your passion for Canadian crops! Parrish & Heimbecker, Limited (P&H) has opportunities for organized, self-motivated students with a strong interest in pursuing a career in agriculture to bring their skills and enthusiasm to a fast-paced environment in the role of Country Operations Intern.

Opportunities are available for Summer 2020 at these locations:

Manitoba: Transcona, Strathclair, Gladstone, Swan River, Gilbert Plains

Saskatchewan: North Battleford, Biggar, Langbank, Moose Jaw, Moosomin, Watrous, Quill Lake, Tisdale, Weyburn, Yorkton

Alberta: Bow Island, Lethbridge, Marwayne, Saint Paul, Sedgewick, Viking, Vulcan, Wainwright

Gain Valuable Experience

The Country Operations Intern position is an excellent, career-building opportunity to gain valuable, hands-on experience in Canada's dynamic agriculture industry, and puts you on track to be a future leader at P&H!

Work and grow with a family-owned company.

P&H's roots go back over 110 years, and we have always been a Canadian, family-owned and managed agri-business. Our corporate culture values are family values; honesty and integrity with a focus on listening and continuous learning. Like family, we support our staff to always do better.

With over 60 locations spanning from coast to coast, and trade links around the globe, P&H is growth-oriented, diversified and vertically integrated with operations spanning across grain trading, handling and merchandising, as well as crop inputs, flour milling and feed mills.

Skills and experience for the next step in your career.

As a Country Operations Intern, you will take the first steps in your chosen field, receiving invaluable training and experience in many aspects of P&H's Canadian business. In this role, you will provide support to country facilities in the areas of crop inputs, grain operations, or a combination thereof.

Your day to day activities will include:

- Assisting the facility as needed to support the crop inputs business
 - Proactively scout fields and assist Customer Service Representatives (CSRs) with recommendations to our farm customers
 - Maintain chemical sheds in a clean and organized fashion
 - Assist in unloading inbound trucks and shipments of product and outbound shipments for farmers
 - Assist the facility in organizing and tracking inventory in chemical sheds
 - Deliver product to farmers when necessary
 - Assist CSRs with data entry and paperwork as required
- Assisting the facility as needed to support the grain business
 - Assist in unloading inbound trucks and shipments of grain
 - Assist in performing routine grain sampling (i.e. dockage testing)
 - Assist with data entry and paperwork as required
- Working with other business areas and departments as required
 - Work collaboratively with facility employees to ensure the smooth operation of the facility
 - Foster a culture of respect and a positive, progressive environment for all employees and customers

The successful candidate should enter the position with the following qualifications:

- Enrollment in a degree or diploma program in an agriculture-related field
- Experience or background in the agriculture industry is an asset
- Ability to work independently, as well as contribute to a team
- Strong analytical, organizational and time-management skills
- Strong communication skills
- Strong knowledge of Microsoft Office
