Systems Administrator

Information & Technology Services

Full Time, Regular

Competition #18-19/20

Salary Range: \$61,487 to \$79,605 per annum

(Information Technologist 2)

Assiniboine Community College strives to create Exceptional Learning Experiences for our students. We place a high priority on student success and are committed to building an environment that creates and supports a high level of student engagement. Information & Technology Services support faculty, students, and staff in their use of technology; and in the development and support of infrastructure services, including networking, servers, storage, copying and printing, telecommunications, and web services.

Information & Technology Services is looking for a Systems Administrator to be responsible for the planning, installing, configuring and maintaining of our computer systems hardware and software.

Be Passionate.

If you are passionate about IT systems administration and able to be one of the key persons responsible for planning and implementing system upgrades, maintaining and troubleshooting issues related to the college IT systems, then we want to hear from you. You will know how technology is applicable to and implemented in different environments.

Take Initiative.

You are the type of person who stays current with industry trends and technology and are eager to share that information with our team (Network Administrator, Systems Administrators and IT Technicians) to upgrade and maintain our systems, solve problems and complete assigned projects. To be a leader in systems administration you will regularly research computer technology to stay current and train college staff.

Deliver Results.

To deliver results you will have relevant education (degree preferred) with several years' experience working with server operating systems, server based applications, and a wide variety of client devices and applications on company networks. Excellent communications skills and the ability to work as part of a team is required. Experience administering ERP systems would be an asset.

This competition will remain open until filled.

Assiniboine Community College campuses are located on traditional territories of Treaty No.1 and Treaty No.2, the shared traditional lands of Cree, Oji-Cree, Dakota, Dene and Anishinabek/Ojibwe peoples, and the homeland of the Métis Nation.
