Valedictorians

XAVIER JHON ROSARDA

A first-generation immigrant from the Philippines, Xavier balanced full-time nursing studies with employment as a Health Care Aide, community involvement, and student leadership. Throughout his education, he supported classmates through peer mentoring, academic review sessions, and his self-created “Xavier’s Weekly Update,” a resource that helped nursing students stay organized and connected. He also served as a student representative, contributed to campus initiatives, and volunteered through his church and the Knights of Columbus. Recognized with the Young Workers Scholarship and the Lena Donald Memorial Scholarship in Nursing, Xavier has demonstrated a passion for helping others succeed both inside and outside the classroom. As he begins his nursing career at Selkirk Hospital, he remains dedicated to compassionate care, lifelong learning, and giving back to the communities that supported him along the way. Congratulations, Xavier!

ALYSIA DREGER

Alysia is a graduate whose passion for nursing was inspired by a deeply personal drive to mirror the compassionate care she received as a child during a hospital stay. Returning to school as an adult in 2025, she balanced the demands of an intensive program with family responsibilities, achieving academic excellence while maintaining a solid grade-point average. Her commitment to nursing was further strengthened while supporting her father through a lengthy hospital recovery, deepening her understanding of the vital role nurses play in providing reassurance and compassionate care. Recognized by her peers for her leadership, teamwork, and willingness to support fellow students, she is dedicated to making a meaningful difference in the lives of patients during their most vulnerable moments. Congratulations, Alysia!

Governor General's Academic Medal

The Governor General's Academic Medal is awarded for academic excellence to the student who achieves the highest overall average upon graduation from a diploma program. First awarded in 1873, it has become the most prestigious award a student in a Canadian educational institution can receive. The Governor General continues to award this medal to encourage scholastic excellence and recognize outstanding students across the nation.

AMY WARNICA

Practical Nursing

Amy has distinguished herself as one of the strongest academic performers in her class, maintaining an extraordinary Grade Point Average of 4.50. She achieved this remarkable standing without requiring any learning strategy accommodations during her clinical practicums. In both classroom and clinical settings, Amy consistently applied critical thinking skills to complex situations, demonstrating sound judgment and an ability to problem-solve effectively. She has also excelled in case study analysis, showing a depth of understanding that highlights her intellectual curiosity and commitment to learning.

Amy is not only an exemplary student academically but also a valued peer. She is known for her willingness to assist classmates, particularly those struggling with skill demonstrations, offering encouragement, guidance, and hands-on support. Her collaborative spirit strengthens the learning environment, and her humility makes her an approachable leader among her peers. In clinical settings, Amy communicated with clients, staff, and Clinical Education Facilitators (CEF) with professionalism and respect, always fostering trust and demonstrating care.

Amy embodies the qualities of reliability, humility, integrity, and inquisitiveness. She is consistently willing to learn, actively seeks feedback, and applies it to improve her practice. Her compassion and professionalism when caring for clients set a strong example for her peers. With a calm presence and a positive attitude, Amy contributes to a supportive and uplifting learning environment, making her an asset both to the college community and to the healthcare profession she is entering.

Amy exemplifies academic excellence, professional skill, and personal character, and she is most deserving of this recognition.
