

SUPPORT AGRICULTURE IN OUR COMMUNITY

ASSINIBOINE AG PARTNERSHIP BREAKFAST

Assiniboine Community College's annual **Ag Partnership Breakfast** is back! Join us on **January 19, 2022** from 7 - 9 a.m. at the Provincial Exhibition Dome Building.

This event supports agriculture at Assiniboine, raising funds to support financial awards for students in agricultural-based programs at the college. We are in the midst of a major project to help support the labour demands and promote industry collaboration. The Prairie Innovation Centre is Assiniboine's vision for the future of agriculture training in Manitoba and we're eager to share more about our efforts. Your support will enable the college to continue to work toward the future of this important sector.
