From Classrooms to Careers

SINCE 1961

When we say students 'learn by doing' here at Assiniboine, we mean it. Our programs combine theory with hands-on learning in classrooms, labs, kitchens, shops, fields, and greenhouses. Students choose our college because we design our programs to get you ready for your career, with the skills and confidence to hit the ground running when you graduate.

We offer more than 75 certificate, diploma and post-graduate programs across a variety of disciplines. New programs are introduced every year, with modern learning facilities and equipment to train you on what's current and emerging in the industry you'll enter after your studies.

Last year, we welcomed more than 5,600 full-time and 5,600 part-time students. With campuses in Brandon, Dauphin, Winnipeg and Portage la Prairie, as well as community training sites and online learning options, we provide comprehensive educational opportunities across Manitoba.

Assiniboine College is privileged to provide learning opportunities on the lands of the Dakota Oyate, Nakoda Oyate, Ininiwak, Nehethowak, Nehiyawak, Anishininewuk, Denesuline, Anishinaabeg, and the National Homeland of the Red River Métis.

Why College Might Be Right for You

Whether you're just out of high school, looking to upgrade or thinking about a career change, college could be your best next step.

FASTER ENTRY INTO THE WORKFORCE
Graduate in as little as eight months with skills employers need now.

SMALLER CLASS SIZES
Learn in a supportive, personal environment where your instructors know your name.

INDUSTRY CONNECTIONS
Programs include work placements, giving you real experience—and real job leads.

AFFORDABLE EDUCATION
College programs often have lower tuition and shorter durations, saving you time and money.

PATHWAYS TO AND FROM UNIVERSITY
Many of our programs offer the opportunity to upgrade your skills and gain career-specific training after university. They also let you transfer into a degree later if you choose.

Real Students. Real Results.

"I feel like a completely different person from the one who first started this program, and I owe that growth to my instructors for giving me an environment to learn and thrive in, my classmates for being a built-in support for when the course load got heavy, and my friends outside of school that were always impressed by the work I made and my family for cheering me on."

Keira Stephens
Media and Communications, 2026

On Campus

VICTORIA AVENUE EAST CAMPUS
BRANDON, MB

The Victoria Avenue East campus features large classrooms and well-equipped labs, along with our largest library, bookstore, gymnasium, early learning centre, lecture theatre, digital makers' space, television studio, full-service cafeteria, lounge areas, and fitness centre. It's also home to our college radio station, CJ-106 FM and our Centre for Adult Learning, and the new Creative Co-Lab—an innovative space for collaboration, creation and hands-on learning.

Computer work stations are available to students after classes, during campus hours. Our cultural centre provides a welcoming environment for Indigenous students and hosts many regular events throughout the year, including Elder visits, guest speakers, movie nights, and craft sessions.

Our state-of-the-art labs, like the networking, soils or simulation and active learning labs, will provide you with modern, interactive equipment and space to practice and hone your skill set to perfection.

assiniboine.net/victoria

NORTH HILL CAMPUS

BRANDON, MB

Our North Hill campus is one of the most scenic places in the city. Perched on Brandon's North Hill, you'll have a stunning view overlooking the city and the Assiniboine River valley below.

We continue to expand at this historic location and the North Hill campus now welcomes about half of our Brandon-based students. The site boasts the Manitoba Institute of Culinary Arts (MICA), housed inside a beautiful heritage building. It combines the best of both new and old for students in food and hospitality programs with restored dining areas and study rooms, a contemporary teaching kitchen and a culinary theatre.

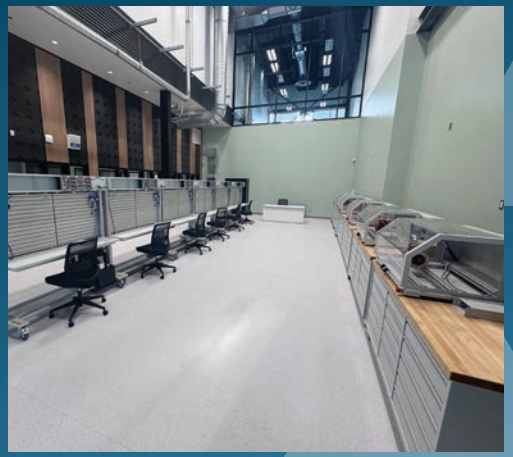

The spacious Len Evans Centre for Trades and Technology (LECTT) features modern shops and classrooms in a historically rich setting. Taking a trade? You'll enjoy the integrated, open-concept building with study areas, academic support centre, library, cultural centre, and cafeteria.

Nearby, our Sustainable Greenhouse is where you'll bloom in the Horticultural Production and Sustainable Food Systems programs. The large, modern greenhouse is a central spot for applied research centered on food security and sustainability under our Field to Fork approach.

The North Hill campus is also the future home of the Prairie Innovation Centre—a transformative facility that will bring together agriculture, technology and education to support the growing needs of Manitoba's ag industry.

Parkland Campus

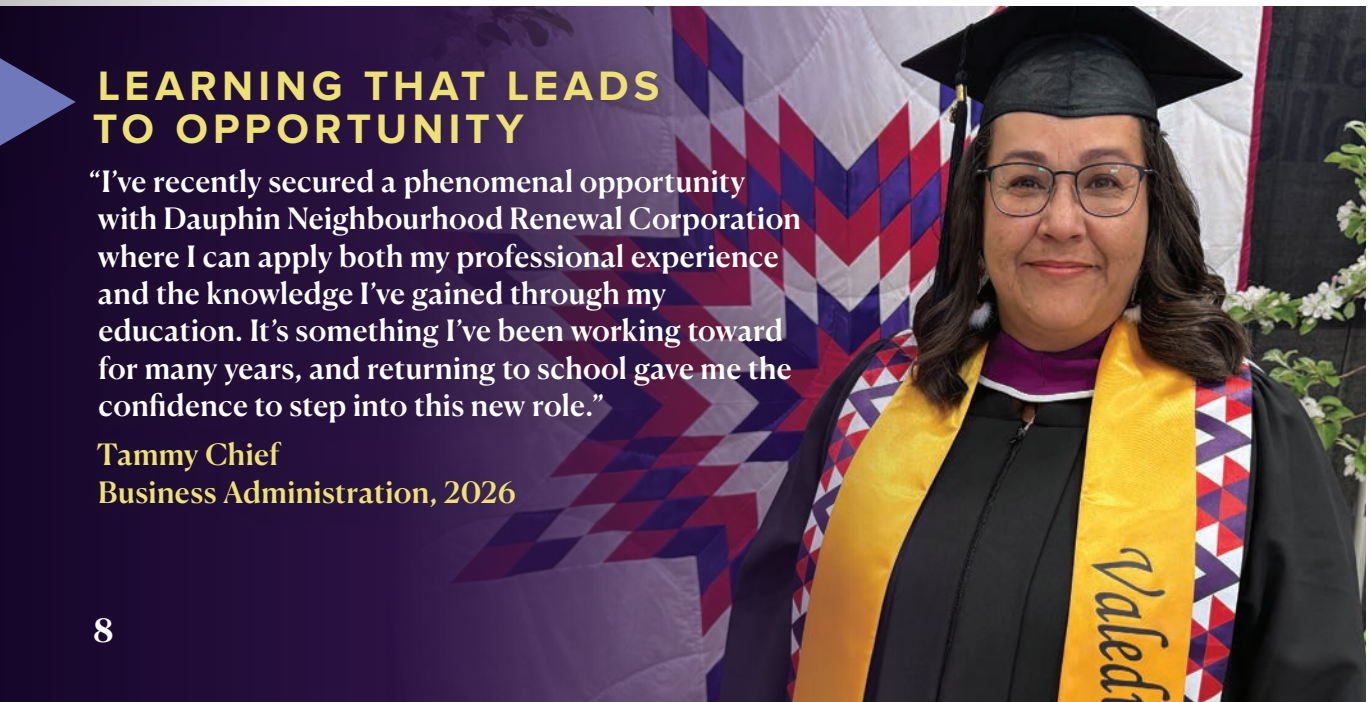

DAUPHIN, MB

LEARNING THAT LEADS TO OPPORTUNITY

"I've recently secured a phenomenal opportunity with Dauphin Neighbourhood Renewal Corporation where I can apply both my professional experience and the knowledge I've gained through my education. It's something I've been working toward for many years, and returning to school gave me the confidence to step into this new role."

Tammy Chief
Business Administration, 2026

Located in the heart of the Parkland region, our Parkland campus in Dauphin, MB makes it possible to pursue post-secondary education, upgrading, professional development, and lifelong learning close to home.

Students choose Parkland campus for its welcoming atmosphere, supportive community and exceptional local instructors who bring real-world experience into the classroom. Whether you're beginning your career, changing direction or building new skills, you'll find a learning environment where you're known by name and supported every step of the way.

Our campus features two contemporary trades shops, a health care training lab, an early learning centre, an academic support centre, a computer lab, and comfortable student spaces designed to support learning and collaboration.

A full-time learning strategist and student success advisor are available to help students navigate their academic journey, connect with supports and resources, and overcome challenges so they can stay focused on achieving their goals.

Along with full-time certificate and diploma programs, Parkland campus offers upgrading, adult learning and high school completion options, continuing education, professional development, and customized training developed in partnership with employers, businesses and community organizations to meet evolving workforce needs.

Whether you're taking your first step into post-secondary education or advancing your career, Parkland campus offers an exceptional learning experience close to home—it's where opportunity, community, and student success come together.

assiniboine.net/parkland

CENTRE FOR ADULT LEARNING

Learn in a supportive environment that truly understands today's world of adult education. Finish your high school diploma, complete prerequisites for post-secondary or increase your previous high school marks.

assiniboine.net/cal

PARKLAND EARLY LEARNING CENTRE

Our non-profit early learning centre, Parkland Campus Kids Inc., is licensed for 28 preschoolers and 12 infants and students get preferred access for their childcare needs.

The centre is open weekdays from 7:45 a.m. to 5 p.m. and offers a hot lunch program, as well as two healthy snacks every day.

COMMUNITY-BASED TRAINING AND Rural Rotating Sites

Community-based education is part of Assiniboine's DNA, and it's one of the ways we help communities and regions address their specific labour market needs. In fact, we're a leader in this area. Community-based delivery is when we offer one of our programs in a location where we don't have a permanent campus, allowing students to live and study where they otherwise may not have the opportunity. Programs are often in the areas of skilled trades, health care, human services, business, and agriculture. Often there is an adult upgrading component, allowing Assiniboine students to complete both their high school education and become a college graduate!

This past academic year, we delivered programs in 49 communities across Manitoba. We see tremendous success in this approach, particularly as it relates to self-determination and prosperity for First Nations, Métis and Inuit communities.

We also host rural rotating sites for our Early Childhood Education, Practical Nursing and Comprehensive Health Care Aide programs in addition to our permanent offerings of the programs at our campuses. In recent years, we've delivered our Practical Nursing program in a wide variety of communities across Manitoba, including Virden, Neepawa, Morden, Otterburne, and Arborg.

COUGAR PRIDE

Cougars men's and women's volleyball, soccer and curling teams play in the Manitoba Colleges Athletic Conference against other post-secondary institutions in the province. Our women's hockey team plays in the American Collegiate Hockey Association against schools in the northern United States.

You must be a full-time student at Assiniboine to play for the Cougars. Assiniboine provides travel, meals, accommodations, and athletic apparel to our student athletes.

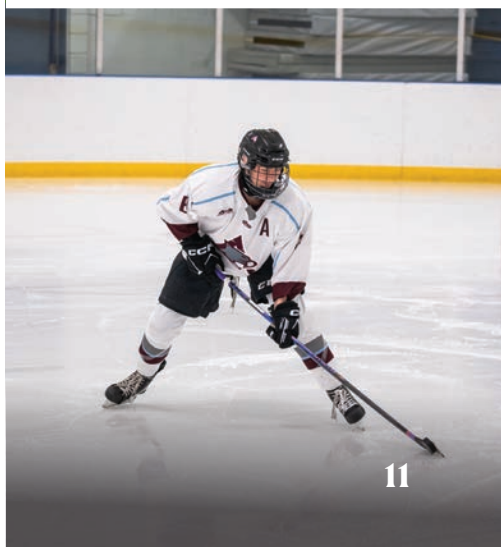

For more information on Cougar Athletics, visit **assiniboine.net/athletics** or contact our Athletics Director at **cougars@assiniboine.net**.

Interested in joining the team? Scan the QR code to learn more.

Student Supports

WE'RE HERE FOR YOU!

ACADEMIC & PERSONAL ADVISING

At Assiniboine, you're not alone—but you are in the driver's seat.

Student success advisors are here to partner with you as you navigate college life. Whether you're choosing a program, setting academic goals, overcoming challenges that affect your studies, or connecting with campus and community resources, we'll work alongside you to help you make informed decisions, and navigate the opportunities and challenges of college with confidence.

ACCESSIBILITY/ DISABILITY SERVICES

Assiniboine is committed to creating an inclusive, accessible, and welcoming learning environment where all students can thrive. We recognize that students may experience permanent, temporary or episodic disabilities, and we are dedicated to identifying, removing and preventing barriers to full participation in academic life.

We work collaboratively with students to determine appropriate accommodations that support learning while maintaining essential academic requirements and standards. If you have disability-related needs, we encourage you to connect with us early so we can help ensure you have the supports needed to succeed.

LIBRARY SERVICES

The friendly Library staff are happy to assist you at all college locations, both in-person and virtually, during library hours. They offer support with academic skills like research, finding library materials, using AI tools, searching and evaluating online information, APA citation, and addressing academic integrity and copyright issues. Online resources, including tutorials, research databases, streaming videos and eBooks, are available anytime through our website. Additionally, you can use traditional library materials such as books, journals/magazines and DVDs to support your studies. If you need an item not in our collection, ask about free interlibrary loan access.

The library is located at the Victoria Avenue East campus in Brandon. Enjoy our quiet work and study areas on campus, including bookable group study rooms.

Learning Curve

Empowering students with personalized academic support for success in learning, work and life.

Our learning strategists and student academic aides support you to find effective ways of learning. We encourage active learning and collaborate with you to find strategies that make sense in your life. We provide referrals to student success advisors, the library and other resources as you work towards meeting your academic goals.

Whether online or in-person, our knowledgeable and friendly team can help you:

- Study less and learn more: learning strategies, note-taking, goal setting
- Improve your test results: test/exam prep, study skills, test anxiety
- Get better at math: foundational math refreshers, program-specific content
- Do more with your time: organization, time management
- Develop your writing skills: APA support, proofreading, effective writing techniques
- Work with technology: computer support (e.g. Microsoft Office Suite, assistive technology)

If you're looking for a head start and are interested in any of the above, you don't need to wait until you are on campus. Our resources are available at **assiniboine.libguides.com/lc**.
You can also schedule appointments with us before classes start and book online whenever you want. Our secure booking site is open 24 hours a day, 7 days a week, 365 days of the year.

assiniboine.net/learningcurve

Get Ready for College

There's a lot to know when starting college, but we have many services and supports to help you along the way.

TECHNOLOGY REQUIREMENTS

Multifactor authentication, using a smartphone or hardware token, is required for secure access. Students in Bring-Your-Own-Device programs must provide a laptop that meets the minimum Windows 11 requirements, with higher-performance specifications required for Creative Media programs. A reliable home internet connection is also required.

BOOKSTORE

The Assiniboine Bookstore is open at the Victoria Avenue East campus from 8 a.m. to 4 p.m., Monday to Friday. Here, you can buy or rent new and used print or digital textbooks, and even sell your textbooks back to us. Stock up on school supplies and snacks to study with friends, grab a comfy sweatshirt for those long study sessions ahead, or browse our selection of Assiniboine apparel and gifts, including t-shirts, coffee mugs, backpacks, and hats. We also carry a selection of nursing and CHCA scrubs, making it easy to pick up your required program attire in one convenient stop. You can cut down on exam jitters when you know we've got you covered with notebooks, pens, pencils, and calculators.

PARKING/TRANSIT

Students enrolled in eligible programs at our Brandon campuses receive a transit bus pass (U-Pass) as part of their Students' Association fees. U-Passes are available through the Registrar's Office. Students attending our Winnipeg campus may be eligible for a discounted Peggo card, providing 20% off regular Winnipeg Transit fares.

If you're driving to campus, Portage campus offers free scramble parking, while all other campuses offer paid parking. For more information, visit assiniboine.net/parking

CHILDCARE

If you are looking for childcare, the Assiniboine Early Learning Centre at the Victoria Avenue East campus in Brandon is licensed for 56 children, ranging from three months to Kindergarten age. The centre is open weekdays from 7:30 a.m. to 5:30 p.m. and offers an optional lunch program for an additional cost, as well as two healthy snacks every day.

Full-time students and staff of Assiniboine College in Brandon are given priority; however, space is not guaranteed. To be added to the Brandon wait list, please visit **assiniboine.childcare.link**

In Dauphin, Parkland Campus Kids Inc. is licensed for 28 pre-school children and 12 infants. The centre is open weekdays from 7:45 a.m. to 5 p.m. and offers a hot lunch program, as well as two healthy snacks every day. Students attending classes at Parkland campus get preferred access for their childcare needs.

HOUSING

At Assiniboine, while we do not offer on-campus housing, we have compiled valuable resources to help you find comfortable and convenient accommodations. Whether you're looking for a local rental or shared housing, we can help provide resources to ensure you have a smooth transition to campus life.

Students studying in Brandon may also consider applying for residence at nearby Brandon University, which offers on-campus housing options just a short distance from our Victoria Avenue East campus.

Prepare for your first day and register for a Get Ready for College online information session by visiting assiniboine.net/getreadyforcollege.

Financial Aid & Awards

Funding your education is an important piece of your academic journey, and we're here to help! Apply to your program as early as you can—the earlier you're accepted, the more awards you'll be considered for.

SCHOLARSHIPS AND BURSARIES

Many students qualify for scholarships and bursaries. Scholarships are awarded based on a variety of criteria, including academic achievement, school or community involvement, or athletics. Bursaries are awarded primarily based on financial need. Once you have been accepted or conditionally accepted into your program you can be considered for awards. Visit **assiniboine.net/awards** to get started.

GOVERNMENT STUDENT AID

Provincial and federal student aid programs offer loans, grants and bursaries. Loans remain interest-free, always.

OTHER FUNDING OPPORTUNITIES

Explore other available sources of financial aid, including disability-related funding, Indigenous sponsorships, RESPs & RRSPs, student line of credit, and Tuition Waiver program, by visiting **assiniboine.net/financialaid**.

Explore your funding options!

Join a *Financial Aid & Awards* online info session to explore financial assistance.

Indigenous Student Supports

Our team offers a wide-range of support and services to assist students along their post-secondary journey.

First Nation, Métis and Inuit students should feel welcome, safe and have a sense of belonging. We work closely with student success advisors from every school and program to guide students along their academic experience. In addition, we liaise and coordinate with community resources available to support student wellness. We act as a resource for all students and faculty in their efforts to acquire a true understanding of Indigenous cultures and ways of knowing.

All students are encouraged to access our services and participate in events on campus, such as:

- Indigenous Student Welcome
- Fall Feast
- Holistic, proactive advising and support
- Elder and Knowledge Keepers' program
- Family events
- Cultural celebrations, activities and teachings
- Peer mentoring and role models
- Our Journey: Student Success Celebration
- Traditional Knowledge and Teachings

Visiting Elders and Knowledge Keepers are available at all campuses and community programs. They represent Dakota, Ojibway, St'at'imc, Cree, and Métis nations and provide guidance, teachings, historical information, traditional knowledge, and support to all students.

Although Elders are not always present on campus, they will meet with students anytime there is a request. Meeting with an Elder may be as informal as a casual visit or can include cultural or spiritual teachings and guidance at your request.

CULTURAL CENTRES

Cultural centres provide comfortable, welcoming environments for students to relax and mingle. It is an ideal place to visit with Elders, Knowledge Keepers, the Indigenous Affairs team, and fellow students to study or relax between or after classes.

PEER MENTORING PROGRAM

The Indigenous Peer Mentoring Program pairs new and returning First Nation, Métis and Inuit students to assist with the transition to post-secondary learning.

Students participate in cultural activities, one on one and group mentoring, study groups, and sharing circles.

Meet new people, navigate and access college and community supports, build communication and relationship skills, and help other students embrace their culture!

In 2024-25 academic year, Assiniboine delivered programs in 46 rural, remote, and First Nations communities, with 27% of domestic graduates identifying as Indigenous.

Admission Requirements

CERTIFICATES AND DIPLOMAS

PROGRAMS	MANITOBA ADMISSION REQUIREMENTS

3 Also offered at the Portage campus, Southport, MB

C Program with competitive entry

Note: The information listed in this table is subject to change; check each program's webpage for the for the most up-to-date information.

English is the language of instruction at Assiniboine. All applicants educated outside of Canada, or a country not on the test-exempt list, are expected to meet the English language proficiency requirement.

Please visit **assiniboine.net/elp** for more information.

Advanced diplomas require a prior post-secondary credential. For more information, visit **assiniboine.net/advanced**.

Centre For Adult Learning

Open the door to a world of exciting careers by upgrading your grades, completing your high school diploma or entering into an integrated program.

Assiniboine has four Centres for Adult Learning—Brandon, Dauphin, Minnedosa, and Neepawa. All locations offer two intakes a year: September and January.

At Assiniboine's Centre for Adult Learning (CAL), we've designed a new kind of high school experience, one that fits within a college setting and is built specifically for mature learners. Here, you'll find an environment that understands the challenges and opportunities that come with returning to school as an adult.

CAL is a supportive and inclusive environment dedicated to helping adult learners achieve their educational goals. Our programs are designed to accommodate your busy schedules and diverse learning styles by offering a variety of class times and options. Whether you are looking to upgrade your high school courses to meet admission requirements for college or university programs or earn your high school diploma, our instructors and staff are here to support you every step of the way.

Course availability is subject to change, but individual courses may be offered in the following ways:

- **In-person Classes:** Classes take place in person on campus. You learn in a classroom with your instructor and classmates.
- **Online Synchronous Classes:** Classes are held online at scheduled times each week. You join live sessions from any location, such as your home.
- **Hybrid Synchronous Classes:** Classes take place in person on campus at scheduled times with the instructor present. There is the option to join class online when needed.
- **Hub Classes:** Classes take place in person at one campus with the instructor present. The class is streamed live to another campus where a second group of students participates.
- **Satellite Classes:** Classes take place in person at your campus with other students. The instructor teaches from another campus and is streamed live to your classroom.

Free to Apply: Explore Your Path Forward

View the Adult Learning Guide to find courses and programs that help you reach your goals.

Continuing Studies

Build new skills, earn professional credentials, or take the next step toward your goals with Continuing Studies at Assiniboine. From career development to personal enrichment, our courses and programs are here to help you get there. Online, in-person, beginner, expert, mid-career, or retired: we meet you wherever you are.

HELP ME BUILD A PARTICULAR SKILL, PROFESSIONALLY OR FOR PERSONAL INTEREST.

Many courses through Continuing Studies are for professional (or personal) development. These are typically one-off, independent courses that don't have ties to any other program (such as one-day workshops, seminars, and more). We also offer the option to take a course that is generally part of a larger program on its own. Want to learn Math for Business or Payroll Administration? We can help you with that! Need Confined Space, FoodSafe, or First Aid for Cats and Dogs? We can help with that too!

A FULL PROGRAM TO HELP ME LAUNCH INTO A NEW CAREER.

We offer programs that are designed to enhance your skill set, whether you're currently in a career (but need to learn new skills) or seeking out a new one (and want to change things up). The part-time format of our programs makes it easier to fit education into your busy schedule. You get the flexibility to earn and learn. Our program selection includes, but is not limited to, Administrative Skills, American Sign Language, Bookkeeping, and Prairie Horticulture.

FLEXIBILITY TO LEARN ONLINE.

Continuing Studies meets you at home to expand your skills and knowledge where and when you can get the most from your learning. Many of our programs and courses, along with those offered by our academic partners Ed2Go and UGotClass, are offered online. This means you get the chance to explore the education you want and need right where you live, including self-paced, hybrid and short courses, as well as credential programs.

Find the development you want and need in the Continuing Studies online course guide.

Food, Agriculture & Environment

Certificates and Diplomas

AGRIBUSINESS

Develop planning, preparing and teamwork skills by working in our commercial-style kitchen and gain practical experience in the well-known Great Grey Owl Restaurant and at other popular events hosted by students.

assiniboine.net/culinary

ENVIRONMENTAL RESOURCE MANAGEMENT
TWO-YEAR DIPLOMA

Your passion for the outdoors makes you a great candidate for a career in natural resources. This exciting program brings together natural resources, technology and the environment in an agricultural context. Learn about the environment, evaluate its health and become a positive role model in this era of agricultural and industrial expansion.

assiniboine.net/enviroresource

FOOD PROCESSING (ANIMAL PROTEINS)
EIGHT-MONTH CERTIFICATE

Gain the specialized skills for all aspects of meat cutting, including processing and packaging. Learn all aspects of the trade, including nutrition, safety, tools, workplace values and essential communication skills. Enjoy a newly built, modern teaching lab with all the trimmings. Develop skills in curing and smoking for all types of animal protein, including poultry, beef, pork, goat and lamb. Gain hands-on retail experience in an on-campus retail store front.

assiniboine.net/foodprocessing

FOOD SERVICES MANAGEMENT
TWO-YEAR DIPLOMA

Build the leadership, budgeting, procurement and operational skills needed to manage food service operations in large institutional settings such as hospitals, long-term care homes, correctional facilities and schools. With a focus on safety, nutrition and efficiency, you'll be prepared to lead teams and deliver high-quality food service where consistency and care are essential.

assiniboine.net/foodservices

HORTICULTURAL PRODUCTION
NINE-MONTH CERTIFICATE

Focus your interests on three key sectors: fruits and vegetables, greenhouse production and nursery. Participate in pioneering research projects and help find ways to improve greenhouse management and food production.

assiniboine.net/horticultural

PROFESSIONAL COOKING
EIGHT-MONTH CERTIFICATE

Gain hands-on experience in cooking, baking, food safety, nutrition, and kitchen operations—building the skills and confidence to excel in any professional kitchen. Graduate ready to step into exciting opportunities across the food service industry.

assiniboine.net/procook

Advanced Diplomas
Requires a previous diploma or degree.

AGRICULTURE
EIGHT-MONTH ADVANCED DIPLOMA

Expand your business knowledge into the field of agribusiness. This program offers courses in agronomic topics such as soil fertility and crop pest management, as well as business and technology topics relevant to the industry.

assiniboine.net/agadvanced

SUSTAINABLE FOOD SYSTEMS
NINE-MONTH ADVANCED DIPLOMA

Help research different greenhouse models and find out how to improve food security in cold climates. Learn leading-edge approaches to food production through greenhouse operations, fruit, vegetable and agronomic crop production, plant breeding, pest-management, plant propagation and nutrient management. Work closely with our faculty on current projects aimed at addressing food related issues in our country.

assiniboine.net/sfs

Two culinary students from Assiniboine College, Alicia DeCosse and Presley Kuharski, earned gold at the Taste Canada Cook the Books competition held in Toronto in 2025.

Business & Office

Certificates and Diplomas

BUSINESS ADMINISTRATION
TWO-YEAR DIPLOMA

Today's business industry requires many personalities and skill sets to function. After completing all common courses in your first year, your second year will give you the opportunity to specialize in accounting, financial services, human resource management, or digital marketing.

In the Business Administration program, students choose from four specializations; accounting, digital marketing, financial services, or human resource management.

assiniboine.net/ba-accounting
assiniboine.net/ba-digitalmarketing
assiniboine.net/ba-financialservices
assiniboine.net/ba-hrmanagement

Accredited by the Accreditation Council for Business Schools and Programs.

LEGAL ADMINISTRATION
16-MONTH CERTIFICATE

Prepare for a stimulating career in law, justice or real estate with this two-year diploma. Understand Canadian legal processes in public and private law, gain higher administrative training and acquire experience transcribing for police departments and court rooms.

assiniboine.net/legaladmin

MEDICAL ADMINISTRATION
16-MONTH CERTIFICATE

Develop specialized administrative and communication skills tailored for today's healthcare settings. Learn medical terminology, transcription, pharmacology, ethics and more—plus gain hands-on experience through practicum placements using industry tools like electronic medical records.

assiniboine.net/medicaladmin

OFFICE PROFESSIONAL
16-MONTH CERTIFICATE

Gain advanced administrative and leadership skills to manage office operations, HR tasks, payroll processing, and software systems with professionalism and efficiency. Emphasizing critical thinking, legal and ethical compliance, and technical proficiency, this training prepares students for roles such as office assistant, receptionist, or administrative clerk.

assiniboine.net/officepro

Advanced Diplomas

Requires a previous diploma or degree.

ACCOUNTING
EIGHT-MONTH ADVANCED DIPLOMA

With your previous credentials, enter this program and get further training in financial accounting, management, tax preparation, and more. You have the ability to customize this program in order to prepare for the CPA Professional Education program.

assiniboine.net/accounting

FINANCIAL SERVICES
EIGHT-MONTH ADVANCED DIPLOMA

Continue to take on new challenges in the financial services industry by laddering your previous college diploma or university degree. Courses are also offered in conjunction with the Investment Funds Institute of Canada (IFIC).

assiniboine.net/financialservices

HUMAN RESOURCE MANAGEMENT
EIGHT-MONTH ADVANCED DIPLOMA

This program will prepare you for working in a human resources department in public or private industry. Learn about staffing, employment law, labour relations, and more. This program will start you on your path to earn the Chartered Professional in Human Resources (CPHR) designation.

assiniboine.net/hrmanagement

MARKETING
EIGHT-MONTH ADVANCED DIPLOMA

Learn all aspects of public safety, including the Criminal Code of Canada, conflict management, interviewing and investigating. To be successful, you must be able to balance academic studies, physical training and participate in team activities.

assiniboine.net/publicsafetyadvanced

Already working as an uncertified Health Care Aide?

You may be eligible to earn your Comprehensive Health Care Aide (CHCA) certificate through our CHCA Challenge program.

Learn more about eligibility, requirements and how to apply at **assiniboine.net/chcachallenge**.

Technology

Certificates and Diplomas

CIVIL TECHNICIAN
ONE-YEAR CERTIFICATE

Develop your problem-solving skills through drafting, surveying and computer-aided design; build a solid foundation of basic civil engineering skills using Computer Assisted Drafting (CAD). Learn to design different areas of infrastructure including roads, sidewalks, watersheds, and drainage systems. Acquire skills in third angle project standards, 3D modelling and producing architectural drawings for a residential project. Upon graduation, go directly into the workforce or transfer to civil engineering programs across Manitoba, including our Civil Technology (Municipal Engineering) program.

assiniboine.net/civiltechnician

CIVIL TECHNOLOGY (MUNICIPAL ENGINEERING)
TWO-YEAR DIPLOMA

Requires completion of Civil Technician certificate.

Take your skills and knowledge to another level and experience real-world applications in research, planning, drafting, and project management. This two-year diploma specialization provides students who have completed their Civil Technician certificate with an opportunity to learn about civil technology in greater detail. Learn about terrain analysis, fluid mechanics, geotechnical materials, groundwater flow and analysis, roadway design, and water and wastewater piping system design—all with an emphasis on project management.

assiniboine.net/civiltechnology

COMMUNICATIONS INSTALLATION TECHNICIAN
ONE-YEAR CERTIFICATE

Launch your career in the fast-growing communications industry with hands-on training in installation, maintenance, and repair of voice, video, and data equipment. Through labs, real-world projects and industry work experience, you'll gain the practical skills to set up new systems, perform upgrades, troubleshoot issues, and guide end-users on proper equipment operation.

assiniboine.net/cit

DIGITAL ART AND DESIGN
TWO-YEAR DIPLOMA

Explore new and innovative ways to merge form and function, creating designs that broaden the mind. Study composition and layout, typography, digital painting, and drawing software. Learn to communicate in today's ever-changing digital world, dip into marketing and branding, and put your skills to the test while working on visual solutions for real-world clients.

assiniboine.net/digitaldesign

MECHATRONICS ENGINEERING TECHNOLOGY (ROBOTICS AND AUTOMATION)
THREE-YEAR DIPLOMA

Develop the skills to design, maintain and improve automated systems using a blend of mechanical, electrical and programming knowledge. Gain hands-on experience with robotics, automation and control systems that will prepare you for opportunities in a variety of industries.

assiniboine.net/mechatronics

MEDIA AND COMMUNICATIONS
TWO-YEAR DIPLOMA

Craft powerful messages through audio or visual productions. Produce a live news broadcast, run Assiniboine's own CJ-106 FM radio station and learn how to tell compelling stories that reflect the world around us. Get a solid foundation in film, television, multi-platform journalism, and radio production that you can build on.

assiniboine.net/mediacommunications

NETWORK ADMINISTRATION TECHNOLOGY
TWO-YEAR DIPLOMA

Study in cutting-edge electronic and computer lab facilities. Learn to analyze, troubleshoot, repair, install, and provide technical support for computer systems and networks. Acquire the skills to be able to manage network routers, install and upgrade hardware and software, and develop internet applications. You have the option to write industry-standard certifications such as A+, Linux+, Network+, MCTS, MCITP, CCNA, and CCENT.

assiniboine.net/nat

WEB AND INTERACTIVE DEVELOPMENT
TWO-YEAR DIPLOMA

Study emerging visual technologies that extend, replace and enhance our realities (virtual, augmented and mixed reality applications). Learn the fundamentals of programming, both the back-end and front-end development of websites, as well as mobile app development. Create and customize the delivery of web content on desktop computers and mobile platforms.

assiniboine.net/interactivedevelopment

Advanced Diplomas

Requires a previous diploma or degree.

CYBERSECURITY
EIGHT-MONTH ADVANCED DIPLOMA

Designed for graduates of network administration, computer systems technology, and related programs, this advanced diploma develops in-demand cybersecurity expertise. Gain practical experience in securing systems, managing cyber risks, and defending against evolving threats.

assiniboine.net/cybersecurity

Trades

Certificates and Diplomas

APPLIED BUILDING CONSTRUCTION
SIX-MONTH CERTIFICATE

Develop the practical skills you need to create excellent work. Learn about hand tools, precise measuring and cutting and how to create what you envision in your mind's eye. Gain the basic knowledge to build projects from simple shelving to a single-family dwelling.

NEXT INTAKE:
PARKLAND | FEBRUARY 2027

assiniboine.net/appliedbuilding

APPLIED ELECTRICAL INSTALLATION
SIX-MONTH CERTIFICATE

Gain the entry-level skills industry is seeking. This program will provide a base to build a career in the electrical trade. Upon successful completion, you will be ready to start an apprenticeship in the electrical industry and begin working toward journeyperson certification.

assiniboine.net/appliedelectrical

APPLIED PLUMBING INSTALLATION
SIX-MONTH CERTIFICATE

Concentrate on plumbing and pipe fitting, while learning about drain, water and venting systems, water treatment, fire sprinkler systems, water, and sewer. Instructors use industry-relevant tools and equipment with an emphasis on safety and protection of the environment.

assiniboine.net/appliedplumbing

AUTOMOTIVE TECHNICIAN
NINE-MONTH CERTIFICATE

Take your ability to problem solve and turn it into a career in the automotive service industry. Develop basic shop skills as you learn about electrical systems, engines and power trains. Repair and service cars and light-duty trucks. Gain industry-based knowledge in a hands-on environment where you will work on live equipment while building your confidence in customer service.

assiniboine.net/automotive

CARPENTRY AND WOODWORKING
NINE-MONTH CERTIFICATE

Learn all the basics of building a single-family dwelling. Acquire skills in stair building, cabinet making and finishing and concrete pouring, while completing training in safety and scaffolding. Make industry connections and become career-ready with the practicum at the end of this program.

assiniboine.net/carpentry

CONSTRUCTION ELECTRICIAN
NINE-MONTH CERTIFICATE

Find exceptional learning experiences in our modern electrical shop, and acquire advanced skills in wiring and blueprint reading. Gain real industry experience and be career-ready after completing the practicum at the end of this program.

assiniboine.net/ce

HEAVY EQUIPMENT TECHNICIAN/ AGRICULTURAL EQUIPMENT TECHNICIAN/TRUCK AND TRANSPORT MECHANIC
NINE-MONTH CERTIFICATE

Develop your skills in servicing, diagnosing and repairing of agricultural, heavy duty and transport equipment. Hands-on experiences include class time in a modern shop where you will work on live equipment.

This program, which includes a practicum, offers you the opportunity to receive credit towards Level 1 in one of three trades. Upon completion, choose between Heavy Duty Equipment Technician, Agricultural Equipment Technician, or the Truck and Transport Mechanic apprenticeship program.

assiniboine.net/heavyequip
assiniboine.net/agtech
assiniboine.net/transportmech

PIPING TRADES
NINE-MONTH CERTIFICATE

Acquire knowledge in more than just plumbing with this well-rounded pre-employment program. Develop your skills in blueprint reading, plumbing systems, heating, refrigeration, sheet metal, and water treatment. Learn in a modern shop with up-to-date equipment. Your three-week practicum allows you the opportunity to gain industry experience before you graduate.

assiniboine.net/piping

POWER ENGINEERING
TWO-YEAR DIPLOMA

Certification in 3rd and 4th class power engineering provides opportunities for advancement in industry. Spend time in the classroom, as well as in industry gaining steam time and work experience. Exceptional learning experiences include rebuilding and tearing down pumps, pipe threading and an introduction to welding and electrical components.

assiniboine.net/powerengineering

WELDING
FOUR-MONTH CERTIFICATE

Gain the skills needed for high-quality welding work. This comprehensive four-month program focuses on the safety, theory and practical aspects of oxyacetylene, shielded arc welding, gas tungsten arc welding, and special processes. A three-week work practicum and general fabrication training are included in this hands-on program. Train in all aspects of welding, so you can be job ready.

Apprenticeship

Train for your career as a certified journeyperson. Manitoba has more than 50 designated apprenticeship trades, and Assiniboine is proud to partner with Apprenticeship Manitoba to offer many of them. You'll learn through a combination of on-the-job practical training and in-school technical training.

There are two ways to enter any trade:

1. Complete a pre-employment program (find a full list of programs at Assiniboine on page 32) and then continue on to apprenticeship.
2. Enter directly into apprenticeship.

Pre-employment programs provide you with a well-rounded foundational education in your trade so that you are well-prepared to start your career and register as an apprentice. All pre-employment programs at Assiniboine are also accredited with Manitoba Apprenticeship trades. Whichever way you choose, both ways lead to obtaining your designation as a certified journeyperson.

Training for a certified journeyperson varies from one to five levels, depending on the trade. For each level, you spend about 80% of your time learning from your employer; the other 20% is short-term technical training at college.

Choosing a trade program will take you on a career path that promises to be both rewarding and challenging. So, roll up your sleeves, and let's get to work.

For more information, visit Apprenticeship Manitoba at **manitoba.ca/tradecareers** or **assiniboine.net/apprenticeship.**

START YOUR ASSINIBOINE

Journey Here

Step 1 CHOOSE YOUR PROGRAM

- Explore our programs and admission requirements at **assiniboine.net/programs**.
- Attend a Program Information Session at **assiniboine.net/infosession** or experience a program firsthand through Spend a Day at **assiniboine.net/spendaday.**
- Want to chat about your options? Contact **recruit@assiniboine.net**.

Step 2 APPLY TO YOUR PROGRAM

Start your online application at **assiniboine.net/apply**.

Most programs admit qualified applicants on a first-qualified, first-served basis.

To apply, submit:

- Online application
- $95 application fee
- Official transcripts

Some competitive-entry programs require additional documentation. Visit your program web page for specific admission requirements.

Step 3 COMPLETE THE ADMISSIONS PROCESS

- We'll contact you once your application has been received.
- Your application is considered complete when all required documents have been submitted.
- If you meet the admission requirements and space is available, you'll receive an acceptance letter by email.
- Pay your non-refundable tuition deposit by the deadline indicated in your acceptance letter and submit any outstanding documents (such as final Grade 12 transcripts) as required.
- If you applied to a competitive-entry program, your application will be assessed and you'll be contacted with next steps.

WELCOME TO Assiniboine!

Watch for important emails and updates as your start date approaches. In the meantime, you've completed the hard part—now it's time to get excited for the journey ahead. We'll see you on campus soon!
