Building a Program

Assiniboine uses this six step process to build new programs.

This process is guided by the Academic Charter and College policy.
A toolkit to support the program building process is in progress. If you would like more information, please email cli@assiniboine.net.

Step 1
Design Program Level Components

Step 2
Complete Program Mapping

Step 3
Design Courses

Step 4
Develop Curriculum Maps

Step 5
Conduct a Program Map Analysis

Step 6
Develop Courses
