WHAT IS THE Centre for Adult Learning

The Centre for Adult Learning (CAL) Assiniboine has two Centres—one in Brandon at our Victoria Avenue East campus and one at our Parkland campus in Dauphin. Both offer two intakes a year; September and January.

CAL is a supportive and inclusive environment dedicated to helping adult learners achieve their educational goals. Our programs are designed to accommodate busy schedules and diverse learning styles, offering flexible class times and online options. Whether you're looking to upgrade your high school courses to meet admission requirements for college or university programs or earn your high school diploma as an adult, our experienced instructors and staff are here to support you every step of the way.

To enroll, you must be 19 years of age or older at the time of enrollment or reach the age of 19 before completion of the course(s). Furthermore, you must have been out of high school for at least six months.

I WANT TO EARN MY HIGH SCHOOL DIPLOMA

We offer three options for obtaining your high school diploma:

- ▶ Mature Student High School Diploma
- ▶ Integrated Comprehensive Health Care Aide – High School Diploma with a Health Care Aide Certificate
- ▶ Integrated Education Assistant – High School Diploma with an Education Assistant Certificate

The Mature Student High School diploma requires eight credits and is equivalent to a regular high school diploma (not a GED). We will create a personalized education plan based on your existing credits, goals, and academic skills. Tuition is free for completing the high school diploma.

The integrated programs let you earn both a Mature Student High School diploma and a college certificate faster than completing them separately.

I HAVE MY HIGH SCHOOL DIPLOMA, BUT WANT TO IMPROVE MY MARKS

If you have a high school diploma and are looking to improve your grades or take extra courses for college, university, or job requirements, consider our Additional Credits/Upgrading program. You can take up to four courses tuition-free.

Courses may include studies in physics, math, English, law, psychology, geography, history and much more!

NOT READY YET TO ENTER THE MATURE STUDENT HIGH SCHOOL PROGRAM?

If you're not yet prepared to join the Mature Student High School Program, consider the Secondary Preparation program. You'll receive personalized support to enhance your English and/or Math skills. Participation in this program is free. Currently, it is only offered at the Centre for Adult Learning in Dauphin.
