Lieutenant Governor's Silver Medal Awards

Students awarded the Lieutenant Governor's Silver Medal are nominated by any combination of three staff and students, and are selected based on academic and technical ability, participation in college and/or community activities as well as having good character and personality.

LIAM MUSGRAVE **Business Administration – Accounting**

I had the opportunity to serve as one of Liam's academic coaches on the Peters School of Business Accounting team. The team earned "Best PowerPoint" award at the University of Manitoba competition and won first place at the Bow Valley College Western Canadian Accounting Case Competition. Liam was a leader on this team and an integral part of their success.

As President of "The 835," a non-profit organization in his hometown of McCreary, Liam works to support families who have experienced tragedy. The organization raises funds to provide free community events and opportunities that help bring comfort and connection during difficult times. He is also actively involved with local initiatives, such as the Agricultural Society and Homecoming Committee, helping to foster a strong sense of community.

Liam's service and leadership have strengthened the college's academic reputation and also fostered a collaborative and supportive student and community culture.

Cheryl Bryant, Instructor, Business

Liam is a member of the men's volleyball team, contributing to a program that achieved national ranking for the first time in college history. His involvement reflects discipline, teamwork and a commitment to representing the college well.

Liam's character is what ultimately sets him apart. He is dependable, respectful and grounded with a genuine interest in the people around him. He built strong relationships with both peers and faculty and contributes to a positive, collaborative environment in the classroom and beyond.

What stands out most is his consistency. Whether in academics, athletics or community service, Liam approaches each responsibility with the same level of effort and integrity. That consistency, combined with his ability to connect with others, makes him a strong representative of the values this award is intended to recognize.

Derek Boyce, Instructor, Business

Liam is an amazing student, community member and person. He is incredibly kind and is respectful to every person he meets. He maintains a high level of professionalism, when necessary, but also has a fun personality that makes him enjoyable to be around. Liam has many amazing traits that not only contribute to his academics, but also make him an amazing friend, student and community member.

Kylin Robinson, Student, Business Administration – Accounting

JOY ATTAH

Social Service Worker

I have had the pleasure of Joy in my classes for two years and have been privy to her vibrant and positive personality; Joy truly embodies the essence of her namesake.

In the classroom, Joy consistently contributes intelligent information and shares relevant lived experiences to enhance the learning environment. As a mature, newcomer mother, she has very relevant additions to SSW course content that create even more opportunity for peer discussion.

The most notable aspect of Joy's personality is her dedication to supporting and caring for others around her. Her caring and inclusive nature stood out to me most as I watched Joy collect kind notes and signatures in birthday cards for her classmates and members of faculty on numerous occasions. I am grateful to know her and so very proud of her.

Brandy Robertson, Instructor, Social Service Worker

Beyond the classroom, Joy has made significant contributions through her role as the Mature Student Representative within the Assiniboine College Students' Association (ACSA). She played an instrumental role in developing the new Prairie Perks program, including helping secure new partnerships that benefit the student body. Joy has also been highly engaged in committee work, consistently offering thoughtful perspectives and advocating for inclusive student representation.

Joy's character is one of her most defining strengths. She is widely regarded by her peers as a supportive and caring presence, often described as "the mother of the class" due to her natural inclination to lookout for others. She has made a lasting impact on her peers, the ACSA, and the college community, making her a highly deserving recipient of this award.

Alec Walters, Student, Social Service Worker

Joy is a much sought after group member, as she offers leadership, guidance and emotional support in all of her collaborations. She is the first to volunteer to present and never misses a SSW-integrated community event.

I am very proud to have had the opportunity to bear witness to Joy's efforts, commitment and growth, and simply her overall beautiful character over the last two years. I have had both the privilege of instructing and learning from Joy, and I am both proud and grateful to see her graduate and join the field of social services.

Lindsay Ruddick, Instructor, Social Service Worker
