# ON CAMPUS

## NORTH HILL CAMPUS BRANDON

Our North Hill campus is one of the most scenic places in the city. Perched on Brandon's North Hill, you'll have a stunning view overlooking the city and the Assiniboine River valley below.

We continue to expand at this historic location and the North Hill campus now welcomes about half of our Brandon-based students. The site boasts the Manitoba Institute of Culinary Arts (MICA), housed inside a beautiful heritage building, combining the best of both new and old for students in Hotel and Restaurant Management and Culinary Arts with restored dining areas and study rooms, a contemporary teaching kitchen and a culinary theatre.

The spacious Len Evans Centre for Trades and Technology features modern machine shops and classrooms in a historically rich setting. Taking a trade? You'll enjoy the integrated, open-concept building with study areas, a Learning Hub, small library, cultural centre and cafeteria.

Nearby, our Sustainable Greenhouse is where you'll bloom in the Horticultural Production and Sustainable Food Systems programs. The large, modern greenhouse is a central spot for applied research centered on food security and sustainability under our Field to Fork approach.
