

West-Can Human Resource Solutions is currently recruiting for a Cabinet Installer for a business approximately 1 hour west of Brandon MB.

POSITION SUMMARY:

The cabinet installer/finisher should have the ability to complete cabinet installation from start to finish. The installer should expect to work approximately 80% new and 20% renovation projects; in mostly residential settings. The role of the installer is providing full customer service to our community using the highest standards while maintaining the highest form of professionalism.

Specific Accountabilities:

- Perform cabinet installations using attention to detail, and ability to reason and understand written, illustrated and oral instructions
- Possess strong communication skills with strong customer service skills
- Educate customers on functionality, care and upkeep of the products
- Ability to read and understand blueprints and drawings
- Work under pressure of time constraints to meet specific timelines
- Will always provide a safe and clean workplace
- Demonstrate safe principles and practices following all safety policies and procedures.

EDUCATION:

- Post secondary education in Carpentry and finishing carpentry or Cabinetry
- 2 plus years experience in cabinet installing and finishing carpentry
- Computer skills with the ability to use industry software

SKILLS AND ABILITIES:

- Ability to travel throughout Westman and Saskatchewan
- Friendly and professional presence while working with customers
- Ability to work in a busy work environment
- Ability to schedule workloads and travel
- Class 5 drivers' licence
- Ability to lift 50 lbs

During travel a company vehicle will be provided as well as a gas card, meal allowance, and covered accommodations.

Please submit your cover letter and resume or for further information on the position email lora@wchrs.com
