

# PHOTOGRAPHY

## Document of Achievement

Are you the person always stopping to take a photo on the side of the road or pausing to capture that special moment on holiday? Take your photography skills to the next level and build your knowledge to capture extraordinary images.

**1 Enhance your learning**  
No matter your skill level, this photography program will provide you with new abilities and the technical knowledge to understand cameras, accessories and software. Choose from a number of courses to tailor your expertise according to your skill level and interests. Our extensive range of courses cover everything from photography basics and Photoshop software to understanding natural light and studio lighting.

**2 Zoom into a creative environment**  
Learn from industry professionals in a small group environment. The program delves into the detailed aspects of photography, using new technologies and design principles to take your photography to the next level. Learn how to photograph in a variety of environments and situations including landscape, nature, events and portraiture.

**3 RAW with knowledge**  
There's a lot more to photography than just taking a photo. Learn about camera operations, while also gaining insight into lighting, production and editing software. The program blends creative theory, technical language and practical experience—all while using your own camera so you get to know it inside and out.

**4 Pursue your passion**  
Whether you dream about establishing a career or expanding your skillset to pursue a creative hobby, this program can support your future plans. If it's a career you're seeking, there are a range of employment opportunities waiting for you. Work at a boutique photo studio, become a freelancer, or specialize in sports photography. The field of photography is truly whatever you want to make it.

## Admission Requirements

There are no admission requirements.

English is the language of instruction at Assiniboine. All applicants educated outside of Canada or in a country not on the test exempt list are expected to meet the English language proficiency requirement. See [assiniboine.net/elp](http://assiniboine.net/elp) for more information.

## Graduation Requirements

To graduate with a Photography document of achievement, you must successfully complete 110 course hours. There are four required courses and approximately nine electives to choose from.

## Program Fees

Program fees are dependant on which optional courses students choose. For more information on program fees, visit [assiniboine.net/photography](http://assiniboine.net/photography).

All fees are estimated and are subject to change without notice.
