

# DIGITAL ART AND DESIGN

**2-YEAR  
DIPLOMA**

Explore new and innovative ways to merge form and function, creating designs that broaden the mind.

## Why should you choose a career in Digital Art and Design?

- 1 Show and tell**  
Do you love art and drawing? Can you listen to others and turn their words into a visual reality? Take your passion and turn it into a career. Visual storytelling is a crucial part of today's world, evoking emotion and helping others understand complex information. Learn to tell compelling stories in an impactful way. Grow your design skillset and bring products to life in this two-year diploma program.
- 2 Kerning, serif and leading, oh my!**  
Get ready to learn the language of graphic design. Study composition and layout, typography, and digital painting and drawing software. Gain an understanding of programming fundamentals and video/audio skills to ensure you have the foundation for today's world of multimedia communication. For even more of an edge, dip into marketing and branding, sharpen your project management skills, and focus in on an area of expertise in your final term. Become a digital Swiss army knife, ready to hit the ground running wherever your career takes you.
- 3 Collaboration is key**  
Working with others is a large part of what creatives do. This program will have you constantly collaborating and connecting with your peers, instructors and the community at large. Work at an in-house creative shop where you'll design aesthetically pleasing and purposeful high-end graphical content that solves real-world client problems. Grow your listening and interpretation skills, and learn how to express and communicate the "why" of your designs.
- 4 Ps: It's all about the connection**  
It's not all Photoshop and Illustrator in this program. Get a flexible and comprehensive education that will prepare you to enter the workforce as a valuable member of a creative team or as a freelance specialist. Community projects are infused throughout the program, you'll work in tandem with actual clients during your Capstone project, and finally, you'll put everything you've learned into practice with an eight-week practicum.

### FULL-TIME, ON-CAMPUS TIMELINE:

<b>SEPTEMBER</b> Year 1 fall term begins	<b>JANUARY</b> Winter term begins	<b>SEPTEMBER</b> Year 2 fall term begins	<b>JANUARY</b> Winter term begins	<b>MAY</b> Practicum placement	<b>JUNE</b> Graduation

Victoria Avenue East Campus

## CAREER OPPORTUNITIES

Graduates of the Digital Art and Design program find exciting and challenging entry level opportunities as web and interface designers, graphic designers, motion graphic artists and digital artists. Prospective employers include design firms, advertising agencies, game development studios, and in-house creative departments of larger companies. Entrepreneurs find additional options with freelance contracts. Graduates may apply their skills in the areas of digitally-based business solutions, broadcast graphics, digital entertainment and web-delivered training.

## ADMISSION REQUIREMENTS

- A complete Manitoba Grade 12 or equivalent
- English 40G/40S or equivalent with a minimum mark of 65%

English is the language of instruction at Assiniboine. All applicants educated outside of Canada or in a country not on the test exempt list are expected to meet the English language proficiency requirement. See [assiniboine.net/elp](http://assiniboine.net/elp) for more information.

## TECHNOLOGY REQUIREMENTS

Programs at Assiniboine have certain technology requirements. Students require access to computer devices at home and may be required to bring these on campus when instructed. Refer to [assiniboine.net/tech](http://assiniboine.net/tech) for more detailed information about the requirements for this program.

## UNIQUE LEARNING EXPERIENCES

- Emphasis on hands-on, practical work in labs
- Community involvement at local events
- Connections with industry professionals
- Community/client-based projects

## GRADUATION REQUIREMENTS

To graduate with a Digital Art and Design diploma, students must successfully complete 120 academic credits and 1 practical credit.

The minimum passing grade for each course is indicated on the course outline.

## CONNECTIONS

Assiniboine has a number of agreements with other colleges, universities and professional organizations, making it possible for students to apply credit taken at Assiniboine to programs at other institutions. For up-to-date information on agreements, visit [assiniboine.net/registrar](http://assiniboine.net/registrar) or the program page.

## NEXT STEPS

Apply now! Visit [assiniboine.net/register](http://assiniboine.net/register). For more information on this program, visit [assiniboine.net/digitaldesign](http://assiniboine.net/digitaldesign).

## PROGRAM FEES (DOMESTIC ONLY)

Tuition, fees and Students' Association fees total approximately **\$4,320** for year one and **\$4,830** for year two (plus an additional **\$2,000** in optional extracurricular costs).

Estimated costs for books and supplies are **\$540** for year one and **\$610** for year two.

*All fees are estimated and subject to change without notice.*
