Assiniboine Community College strives to create Exceptional Learning Experiences for our students. We place a high priority on student success and are committed to building an environment that creates and supports a high level of student engagement. Network Administration Technology is a diploma program that provides students with the skills and education needed for entry-level network administration positions.

### **Be Passionate.**

You are a passionate, engaging, and forward-thinking Instructor who wants to share your knowledge of information technology infrastructure with the next generation of network technicians.

### **Take Initiative.**

You are the type of person who loves to communicate, share your experiences and are committed to lifelong learning. You are able to command an audience and pass along knowledge in an effective way. You know how to take initiative and achieve common goals.

### **Deliver Results.**

In order to deliver the results needed, you will possess a degree or diploma in Network Administration Technology or a related discipline combined with related experience in the information technology sector including Cisco Academy Instructor and CompTIA certification. You also possess strong technical, communication, organizational, and critical-thinking skills. MCSE certification is an asset. If you are up to the challenge of creating a truly remarkable experience for our students and our community then we encourage you to apply!

Please note: These positions are dependent on funding confirmation.

This competition will remain open until filled.

Please note: The College's COVID-19 Campus Access Policy puts in place rules and requirements for students, staff and others accessing Assiniboine's multiple campuses to prove they are fully vaccinated or undergo routine testing to show a negative COVID-19 test.
