Assiniboine Community College strives to create Exceptional Learning Experiences for our students. We place a high priority on student success and are committed to building an environment that creates and supports a high level of student engagement. The School of Agriculture and Environment is looking for an instructor to teach in our Food Processing (Animal Proteins) certificate program.

Be Passionate.

We need a self starter who is excited about joining our food processing program in the meat cutting industry, and will enjoy working with others as part of an academic team. You will be ready to pass along your meat cutting knowledge to produce graduates that have mastered their skills and can secure career-related employment. If you are professionally driven and have your finger on the pulse of Manitoba's labour market, then you are the sort of person we are looking for.

Take Initiative.

You are the type of person who takes initiative and can create unparalleled student experiences by providing positive classroom management; leading, inspiring, and providing positive student mentorship. You will be an engaging, forward-thinking and culturally aware instructor.

Deliver Results.

You will have extensive meat cutting experience with a preference given to those who have graduated from a recognized meat cutting program and or have significant retail meat cutting and processing experience. You will be ready to deliver quality programming as a result of your highly developed communication skills, strong organizational skills, and ability to work effectively as part of a team. Teaching experience in an adult environment and strong computer skills, particularly in Microsoft Office is highly desirable. In addition, although not required, experience in Instruction, curriculum development, and retail meat management would be an asset.

This competition will remain open until filled.
