

Service Worker

Campus Development, Brandon, MB

Full-time Regular

Competition # 111-21/22

Salary: \$19.11 to \$21.77 hourly (\$39,882 to \$45,434 annually)

(Classification: Service Worker 2)

Assiniboine Community College strives to create Exceptional Learning Experiences for our students. We place a high priority on student success and are committed to building an environment that creates and supports a high level of student engagement. The College is currently looking for a Service Worker to support and contribute to our Campus Development team.

Be Passionate. Your positive attitude and good nature would make you an ideal person to work with our students, staff and external partners. You are also passionate about being part of an environment that creates and supports a high level of student engagement; this starts with students' and staff's enjoyment of our facilities of which building safety, maintenance and service deliverables are critical to our success.

Take Initiative. If you are the type of person who takes pride in your work and takes initiative to get the job done to the satisfaction of your clients, then we want to hear from you! As the Service Worker, you will primarily perform general maintenance, grounds work, pick up and deliver equipment and supplies, operate delivery vehicles, assist with ordering and receiving supplies, equipment and other items as required. From time-to-time you may assist with general custodial duties or perform set-ups and tear-downs in conjunction with program requirements. Following established safety policies and procedures when performing work and operating equipment should also come natural to you.

Deliver Results. In order to deliver the results required, you will have related education and/or training and experience in maintenance, logistics/material management, warehouse operations or in a related field. Experience with operating the appropriate machinery, tools and associated equipment (pallet jacks, forklifts, mowers etc.) is preferred. As you will be driving a delivery vehicle in this role, a valid class 5 driver's license and satisfactory driver's abstract are required. You also must be willing to obtain and complete WHMIS training and have general computer knowledge.

This competition will remain open until filled.
