

## Assiniboine Community College Parkland Campus Alumni Awards

### One to Watch Alumni Award

Kayla Gillis

Agribusiness, Class of 2008

Since graduating from Assiniboine with an Agribusiness diploma in 2008, Kayla Gillis has worked in the agricultural finance industry for 15 years. She recently accepted a new position with RBC as a business account manager and continues to move her career forward by furthering her education, receiving relevant designations and competing courses to help her serve her clients with the highest knowledge of industry standards.

Kayla is very involved in the Parkland community through volunteerism and participation in many local events. She is currently the President of Canada's National Ukrainian Festival, and is active in her role, helping plan events for the community and surrounding areas.

She volunteers on Manitoba Farm Women's conference committee, and was recently appointed to sit on Dauphin's Place Brand Committee helping with the City Re-Brand project.

She credits much of her insight in the agricultural industry to growing up on a farm near Oakburn, MB, and she is still actively involved in farming with her husband, Tyson, in the Dauphin area.
