

ASSINIBOINE
COMMUNITY COLLEGE

LAND AND WATER MANAGEMENT

2-YEAR
DIPLOMA

Ready for a progressive career in natural resource management?
Be part of the solution on how we manage our essential land and
water resources.

Why should you choose Land and Water Management?

1

Adventure awaits you

Passion for the outdoors makes you a great candidate for a career in natural resources. This exciting program brings together natural resources, technology and the environment in an agricultural context. Understand the interconnection between our water and the land. Learn how to protect, manage, sustain and conserve natural habitats for wildlife and humans.

3

Your options are endless

Consider a career as a water manager, habitat specialist or environmental technician. You may also find a position in research, management, consulting and administration of sustainable land use practices. If you like working with science and are concerned about the environment and the quality of our natural resources, Land and Water Management is perfect for you!

2

Enjoy a holistic approach to learning

With Land and Water Management, you will often be out in the field, examining key features of the prairie agro-ecological landscape. Become skilled at monitoring and evaluating the quality of rural land and water resources, and at managing activities so that those resources are used sustainably. You will use environmental monitoring equipment to study water, land and air conditions.

4

Have diverse career opportunities

Your career can take you to both rural and urban settings. The program's four-month paid co-operative work experience will help you with real-world experience, create connections within industry and become confident in your abilities. Once you graduate, you will find yourself ready for exciting and challenging roles in industry including conservation districts, agricultural organizations and all levels of government across the Prairies and beyond.

CAMPUS/DELIVERY OPTIONS

Victoria Avenue East Campus

WORK PLACEMENT(S)

YR 1 | 16 weeks

CAREER OPPORTUNITIES

Your job can take you to a rural area or an urban centre. Graduates are in demand for exciting and challenging careers in industry, conservation districts, agricultural organizations and all levels of government and industry across the prairies and beyond. Willingness to relocate will increase your job opportunities. Opportunities in the area of research, management, consulting and administration of sustainable land use practices exist for qualified individuals with an understanding of water, land and environmental management issues.

ADMISSION REQUIREMENTS

- » A complete Manitoba Grade 12 or equivalent
- » English 40G/40S or equivalent
- » Pre-calculus or Applied Mathematics 40S or equivalent

Applicants who have Mathematics 40G, Mathematics 301 or Consumer/Essential Mathematics 40S will be required to write a mathematics assessment test to assess their eligibility for admission.

English is the language of instruction at Assiniboine. All applicants educated outside of Canada or in a country not on the test exempt list are expected to meet the English language proficiency requirement. See assiniboine.net/elp for more information.

TECHNOLOGY REQUIREMENTS

Students in this program are required to bring their own laptop and smartphone for use on-campus. The laptop and smartphone must meet the technical needs outlined by the program. MAC computing devices are not compatible with program software. Refer to assiniboine.net/tech for detailed information.

PROGRAM CONSIDERATIONS

A valid driver's license and access to a vehicle is strongly recommended given the potential need to travel for co-op work placement.

UNIQUE LEARNING EXPERIENCES

- » Co-operative work placement between year one and two
- » Emphasis on field project-based learning
- » Interesting and informative tours and networking with industry

GRADUATION REQUIREMENTS

To graduate with an Environmental Technologies - Land and Water Management Specialization diploma, students must successfully complete 120 academic credits and 15 practical credits.

The minimum passing grade for each course is indicated on the course outline.

NEXT STEPS

Apply now! Visit assiniboine.net/applynow. For more information on this program, visit assiniboine.net/landandwater.

CONNECTIONS

Assiniboine has a number of agreements with other colleges, universities and professional organizations, making it possible for students to apply credit taken at Assiniboine to programs at other institutions.
