**CERTIFICATES
& DIPLOMAS**

APPLIED BUILDING CONSTRUCTION

Six-month certificate | February start

📍 Dauphin

Start with an introduction to basic tools and before you know it, you will be reading blueprints, building stairs and framing walls. Learn about hand tools, precise measuring and cutting, and how to create what you envision in your mind's eye. Gain the basic knowledge to build projects from simple shelving to a single-family dwelling.

APPLIED ELECTRICAL INSTALLATION

Six-month certificate | September start

📍 Dauphin

This entry-level program will take you from electrical safety and general code to electrical skills in wiring and blueprint reading. Work with mock-ups that simulate industry scenarios and put your skills to work wiring a simulation condo. A three-week industry-based practicum will emphasize practical applied learning, preparing you for real-world electrical problems you can solve.
