**CERTIFICATES
& DIPLOMAS**

CIVIL TECHNICIAN

Twelve-month certificate | September start

Be a part of designing the future: bridges, highways, dams, parks, sewer systems—just a few of the systems that affect our lives. Develop skills in computer-aided design (CAD), land and construction surveying, drafting fundamentals, and basic design concepts for residential construction.

DIGITAL ART AND DESIGN

Two-year diploma | September start

Explore new and innovative ways to merge form and function, creating designs that broaden the mind. Study composition and layout, typography, digital painting and drawing software. Learn to communicate in today's ever-changing digital world, dip into marketing and branding, and put your skills to the test while working on visual solutions for real-world clients.

MEDIA AND COMMUNICATIONS

Two-year diploma | September start

Craft powerful messages through audio or visual productions. Produce a live news broadcast, run Assiniboine's own CJ-106 FM radio station and learn how to tell compelling stories that reflect the world around us. Get a solid foundation in film, television, multi-platform journalism and radio production that you can build on.

NETWORK ADMINISTRATION TECHNOLOGY

Two-year diploma | January & September start

Don't make what you see on the internet—make what's on the internet work. Learn to analyze, troubleshoot, repair, install and provide technical support for computer systems and networks. We offer a two-month work practicum, where you will fill the job role of a junior computer systems administrator in the IT department in the public or private sector.

WEB AND INTERACTIVE DEVELOPMENT

Two-year diploma | September start

Study emerging visual technologies that extend, replace and enhance our realities (virtual, augmented and mixed reality applications). Learn the fundamentals of programming, both the back-end and front-end development of websites, as well as mobile app development. Create and customize the delivery of web content on desktop computers and mobile platforms.
