

SUPPORT AGRICULTURE IN OUR COMMUNITY

ASSINIBOINE AG PARTNERSHIP BREAKFAST

The annual **Ag Partnership Breakfast** is happening on **January 18, 2023** from 7 – 9 a.m. at the Dome Building on the Keystone Centre grounds during Manitoba Ag Days. This event supports agriculture at Assiniboine; raising funds to support financial awards for students in agricultural-based programs and related trades at the college.

The college is in the midst of a major project to help support the labour demands and promote industry collaboration. The Prairie Innovation Centre is Assiniboine’s vision for the future of agricultural training in Manitoba and we’re eager to share more about our efforts.

This is an exciting project for the prairies and we invite you to come and hear updates on this initiative and our new Russ Edwards School of Agriculture and Environment!

Agriculture belongs at Assiniboine.

Please consider supporting this event by purchasing tickets for you and your team or as a sponsor.

Registration Form
