Our culture is built on our principles for continued success: Creativity, Collaboration, and Courage.

Position Overview:

Instructors in the Swine Technician program is pivotal in developing skilled professionals for the agricultural industry. We prepare students to excel in swine management careers by providing engaging lessons that cover essential practices in animal husbandry, health management, and sustainable farming techniques.

Key Responsibilities:

- ▶ Instruct students online asynchronously and in a classroom setting synchronously and provide academic assistance upon student request.
- ▶ Modify course objectives, course outlines, curricula and evaluation procedures and instruments.
- ▶ Prepare and maintain all course-related records including evaluation, attendance records, and student information as required.
- ▶ Identify, prepare, organize and assess course materials and learning resources for course delivery.
- ▶ Share passion and knowledge of Swine Technician skills and production with students.

Qualifications:

- ▶ Extensive experience in swine or animal production and human resources with a preference given to those who have graduated from a recognized swine technician or animal health program and or have significant management experience.
- ▶ Someone who loves to communicate, wants to share their knowledge, and is committed to creating exceptional learning experiences for our students.
- ▶ Able to deliver theoretical content to support a solid foundation for the learn-by-doing portion of the program.
- ▶ Teaching experience in an adult environment and strong computer skills, particularly in Microsoft Office is, experience in Instruction, assessment, curriculum development, and swine production management are highly desirable and would be an asset.
- ▶ Highly developed communication skills, strong organizational skills, and ability to work effectively as part of a team.
- ▶ Solid understanding or an ability to learn about Indigenization and decolonization of curriculum, classroom instruction, assessment and evaluation, student advising and group facilitation.
- ▶ Well-developed technical skills, particularly in Microsoft Office

This competition will remain open until the position is filled.
