

LEGACY GALA

Dinner

MARCH 20, 2025

Join us for an evening of impact at the Foundation Legacy Gala dinner in support of our students.

The evening features an exclusive dining experience hosted by our talented Culinary Arts, Baking Foundations and Hospitality students. Guests are treated to a gourmet multi-course menu with wine pairings at each course. Complimentary in-town car service is provided by our polished Public Safety Studies program students.

This year, the evening is dedicated to creating student awards for the new industry leading Mechatronics Engineering Technology (Robotics and Automation) certification being offered in the fall. Assiniboine's Mechatronics program will equip students with cutting-edge skills in an interdisciplinary field that combines mechanical engineering, electronics, computing, and automation.

Your presence at this event will contribute to building a scholarship fund that will help prepare graduates to transfer their knowledge across various systems, making them highly adaptable in a dynamic industry landscape. By supporting this event, you are investing in our students pursuing an innovative career in mechatronics, fostering the next generation of engineers, creators, and problem-solvers.

Tickets are \$280 each.

A portion of the ticket proceeds will be recognized as a charitable donation, which qualifies for a tax receipt.

To secure your tickets, please contact Allison Reville, Fundraising Support Officer foundation@assiniboine.net | 204.725.8739 ext 6323
