

Nursing Foot Care

Certificate of Achievement

Explore the nursing assessment of the lower extremities, common foot afflictions, tools and the interventions necessary for safe and effective basic foot nursing. Make a difference in your client's lives, today.

1 GET LICENCED

This program introduces the principles and practices of foot care as defined and established by the College of Licensed Practical Nurses of Manitoba (CLPNM), Nursing Foot Care Standards. Upon completion of program, students may apply to their governing body (CLPNM, CRNM, or CRPNM) for license to practice Foot Care in Manitoba.

2 FOCUS ON YOUR SPECIALTY

You will be introduced to anatomy, structure and function of the lower extremities. Nursing assessment of the lower extremities, common foot afflictions, tools, and the interventions necessary for safe and effective basic nursing foot care will be explored.

3 PRACTICAL LEARNING

Learn how to use foot care instruments and products, as well as how to assess gait differentiations and footwear. Evaluate the effectiveness of foot care and footwear, and learn about client education, consultation and referral of clients.

4 REWARDING CAREER OPPORTUNITIES

With a specialization in foot care, work as a foot care nurse in various health care settings, such as hospitals, personal care homes, private care facilities, home care and independent foot care practices.
