For over 60 years, Assiniboine College has been providing exceptional learning experiences, while transforming lives and strengthening Manitoba through applied education and research. Our future success rests on our ability to develop a sustainable Thriving Workforce that is unified in moving forward for the benefit of the college and Manitoba. Our culture is built on our principles for continued success: Creativity, Collaboration, and Courage.

We prepare students to enter the welding trade and support them in progressing toward certification as a Red Seal Welder. Through a combination of engaging, hands-on instruction and applied theory, students develop strong foundational skills across a wide range of welding processes, safety practices, and industry standards.

Key Responsibilities:

- ▶ Instruct students in a classroom and provide academic assistance during consultation hours.
- ▶ Modify and/or develop course objectives, course outlines, curricula and evaluation procedures and instruments.
- ▶ Prepare and maintain all course-related records including evaluation, attendance records, and submit information as required.
- ▶ Identify, prepare, and organize course materials and learning resources for course delivery.
- ▶ Maintain classroom, and, if necessary, recommend action to supervisor regarding student behaviour, including formal student disciplinary action.
- ▶ Facilitate and maintain a creative and positive learning environment which provides the opportunity for meaningful learning.
- ▶ Assist in developing timetables, program budgets, and operational plans.
- ▶ Participate in projects that support college activities and environment.
- ▶ Assist with the identification, design, implementation, and evaluation of new initiatives.
- ▶ Attend professional development activities as determined by the divisional human resource plan.

Qualifications:

- ▶ Red Seal Journeyman Certificate in the Welding trade.
- ▶ Several years of comprehensive welding experience, including strong knowledge of fabrication techniques, metal properties, blueprint reading, and the use and maintenance of welding equipment and related tools.
- ▶ Excellent communication and organizational skills
- ▶ Ability to work effectively in a team environment.
- ▶ Experience teaching in an adult environment and teaching in an on-line format is preferred.
