ACCOUNTING

8-Month Advanced Diploma

Whether the goal is to pursue a CPA designation or enter the accounting industry directly after graduation, this program builds a strong foundation in accounting principles while also developing the strategic thinking and ethical judgment needed to advise business owners and managers on decisions that shape the future of their organizations.

PROGRAM LEARNING OUTCOMES

- ▶ Critical Thinking and Knowledge: students will be able to use core specialization knowledge in solving business problems.
- ▶ Ethical Perspective and Social Responsibility: students will be able to identify organizational activities to reduce unethical behaviour.
- ▶ Business Strategy: students will be able to strategize to plan for changes in business.
- ▶ Collaboration: students will be able to work effectively in diverse teams, supporting team performance to achieve organizational goals.
- ▶ Communication: students will be able to present effective business communications in a variety of formats.

You might be a good fit for this program if you would enjoy:

- ▶ Building upon your previous degree to work in the accounting field.
- ▶ Demonstrating a strong work ethic and attention to detail.
- ▶ Adopting an ethical and socially responsible mindset.
- ▶ Adapting to changes in business environments.
- ▶ Completing tasks and delivering results.
