

Conservation Technician (*Multiple positions, various locations*)

Position Details: Full Time, Fixed Term (approx. May – Aug)

Salary: Starting salary at \$17.25/hr, based on a 35-hour work week. Salary for this position will commensurate with each individual's education and/or experience as it relates to the position.

Location: Various locations within Canada. Please visit our career center for a list of locations.

Closing Deadline: January 31, 2024 (11:59PM EDT)

Who We Are

Ducks Unlimited Canada (DUC), one of the nation's leading conservation organizations, is a passionate community of people who believe that nature is the foundation of strong communities, a prosperous economy and a sustainable future that supports the hopes and dreams of the next generation. Together, we conserve and restore some of the most valuable and threatened landscapes on the planet.

What You Will Do

Working with other staff to perform activities related to the establishment, management, and maintenance of habitat programs.

Day-to-day operation and maintenance of DUC's projects which may include seeding, chemical and mechanical weed control, conducting controlled burns, and vegetation control.

Responsibilities may include, but are not limited to:

- General project and shop maintenance activities
- Wetland project operation and maintenance
- Assisting other DUC staff with ongoing conservation work as needed
- Assist with database maintenance and report writing as needed
- Habitat assessments, inspections and site evaluations
- In-field GPS mapping of habitat on projects
- Working with community groups on wetland conservation and stewardship initiatives
- Conduct invasive plant management, including invasive plant inventories, surveys, mechanical removal, and chemical treatment.

Depending on the location of the position, there may be times where you will be required to travel to various communities or remote areas. This position will also involve heavy lifting, physical work and outdoor work in all weather conditions. Our ideal candidate will be able to take direction and execute tasks in a safe and efficient manner without direct supervision.

Requirements

- Full-time post-secondary student pursuing a career in agriculture, engineering, biology, plant ecology, environmental science, sustainability or similar field.
- Basic knowledge of Microsoft Teams, Excel, Word and Outlook
- Comfortable working as part of a team or independently
- Ability to work flexible hours as needed, which may include evenings and weekends at times.

- Strong interpersonal communication skills, both oral and written.
- Excellent organizational skills and attention to detail.
- A passion for conservation, the environment and the outdoors.

How to Apply

If you are qualified and interested in this opportunity, please visit our [online career center](#) to submit your application for confidential consideration.

Due to external funding requirements for select positions, preference may be given to candidates between ages 15 and 30, who are legally entitled to work in Canada.

While Ducks Unlimited Canada would like to thank all applicants, only those considered for an interview will be contacted.

DUC is proud to be recognized as a non-profit employer of choice. When nature is diverse, the Earth thrives. When our organization is diverse, people thrive. That's why Ducks Unlimited Canada is building a culture where everyone is welcome.
