

## Civil Engineering Technologist

Edmonton, AB

### About the Opportunity

Our growing Edmonton office is looking to add a highly capable Civil Engineering Technologist to our team to deliver excellent service to our Municipal and Indigenous clients across Central and Northern Alberta.

As a Civil Engineering Technologist, you will be responsible for working alongside our team of engineering, planning, and drafting specialists to translate high-level conceptual designs from preliminary through to detailed design. Coupled with the diverse learning and project experience opportunities, do you see yourself excited to contribute to...

- Supporting engineering personnel in the field with design, drawing production, and/or construction specifications.
- Ensuring quality control of your work and effectively communicating with project leaders.
- Performing a variety of defined assignments with independent judgment.
- Supporting field design, field surveying, and drafting.
- Assisting with project timelines and ensuring deadlines are met.

### About You

Our preferred candidate is a recent graduate from an Engineering Design & Drafting Technology or Civil Engineering Technology program with up to five years of experience and possesses the following skills, strengths, and interests:

- You are proficient in Civil 3D and are excited to learn new software.
- You are proficient with Microsoft Excel and other MS Office software.
- You have a keen eye for detail and take great pride in your work, in projects both large and small.
- You have strong written and oral communication skills for communicating with team members and clients.
- You are committed to ongoing personal and professional development.
- You are certified or eligible for certification with ASET or an equivalent Provincial association.
- You have a valid class 5 driver's license or equivalent.

## About Us

Urban Systems is an employee-owned interdisciplinary community consulting firm with deep Canadian roots. We are united in our mission to transform communities everywhere into vibrant places where people want to live today, tomorrow, and forever.

At Urban Systems, vibrant communities are everything—including our own work community. Since 1975, we have grown to more than 700 people with 18 offices across Canada. Every day, our purpose-driven team works closely with our clients and their communities to deliver impactful work. We are proud to work with diverse clients, including Indigenous communities, all levels of government, commercial and residential land developers, and the natural resource sector.

We care for our communities and for our people. It's our differences that make us exciting, and our shared belief in Urban Systems that binds us together. We're searching for the creative and passionate and the curious and courageous to join us in creating meaningful and generational change in communities.
