

Agricultural Equipment Technician
JOB ID: 764-078

We are adding to our Service Team in Brandon and looking for an experienced Agricultural Equipment Technician to perform basic/complex diagnostics, service repairs and maintenance work on customer and/or dealer-owned agricultural equipment.

This position comes with a competitive wage, employee purchase program, comprehensive benefits and group RRSP program. We are also committed to your growth and development and provide ongoing training opportunities, along with John Deere University courses.

Enns Brothers has been in business for over 60 years, and has 9 locations in the province with 360 employees. Our employees have worked hard to build a reputation for reliability, integrity and community support. The Brandon team is very community-minded and has held numerous employee events to raise money for local and national charities.

Required Skills

- Proven knowledge of methods, materials, tools and techniques used in the repair of agricultural equipment.
- Outstanding knowledge of mechanical, electrical and hydraulic systems.
- Ability to use computer to support diagnostics
- Excellent problem solving ability

Required Experience

- High school completion or equivalent GED
- Journeyperson certification – completion of 4-year Ag Equipment Technician or Heavy Duty Mechanic Apprenticeship
- Completion of John Deere certification or willingness to undertake
- Driver's license and clear abstract

Come and work with friendly, talented people who share the goal of providing the best service and products to awesome customers, every day.
