Fitness and Sports Instructor

Where fitness matters!

Supporting and working alongside the members of the Canadian Armed Forces and actively preparing them to defend and serve our country could be your path to an extremely fulfilling career.

As part of a dynamic and dedicated team, as a Fitness and Sports Instructor, you will have the opportunity to lead Fitness, Sports and Aquatics programs for a very highly motivated and professional clientele. Daily, you will develop, deliver and assess Tactical programs based on established employment standards to ensure the members of the Canadian Armed Forces can safely and effectively perform their duties in operations.

Much like the military we so proudly support, we push the envelope of what's possible. Working with us, you'll have the opportunity to deliver programs and services that are grounded in cutting edge scientific research and supported by state-of-the-art technology.
