

Career Opportunity

You're at home here.

Twin Valley Co-op is searching for energetic and dedicated candidates to fulfill the role of

SUMMER INTERN – SALES CROP TECH

The successful applicant will work directly with growers and an experienced sales team to market seed, fertilizer and crop protection products to new and existing customers in TVC trading areas; providing field scouting services; managing product inventories; ensuring proper handling and storage of crop inputs products; and developing skills in the business and financial aspects of the crop inputs business.

The ideal candidate will be enrolled in a recognized Agriculture or Business program. Prior sales or agriculture experience is considered an asset. Candidates will have excellent communication, interpersonal and organizational skills with a working knowledge of Microsoft Applications.

Operational tasks will include blending, loading, and marketing of crop input products. You will gain experience with dry, liquid and NH₃ fertilizer, agricultural chemicals, fungicides and seeds.

A sound knowledge of agriculture and the ability to work closely with growers on crop planning and budgets is necessary. Ability to multi-task, experience in custom application and the ability to handle general crop inquiries is required.

SALARY AND BENEFITS:

This is an entry level position which will prepare for entry into the Sales Agronomy field. We offer a highly competitive compensation program, a comprehensive benefits package and opportunities for career advancement within our organization and the Co-operative Retailing System.

Twin Valley Co-op Ltd. serves a large geographic area in Western Manitoba and Eastern Saskatchewan from branch locations in 5 communities. RUSSELL, BIRTLE, ROSSBURN, MINIOTA, ELKHORN.
