

## **Construction / Drafting Technician**

Seasonal Employment Opportunity

Term of Employment; May 2025 through October 2025

The Manitoba Water Services Board

Brandon MB

**Salary:** \$25.00 per hour

**Closing Date:** March 27, 2025

The Manitoba Water Services Board (MWSB) has been providing assistance to rural Manitobans for over 50 years in the development of safe, affordable and sustainable water and wastewater infrastructure. The Board provides technical and financial assistance to municipalities and water cooperatives in the development, transmission, distribution and control of water supplies. The Board also provides assistance for collection, treatment and disposal of municipal wastewater. The Water Services Board is looking for strong team players, high performing and enthusiastic individuals to join our Project Engineer team.

### **Qualifications:**

#### Essentials:

- Currently enrolled in the Civil Engineering Technology or Technician Program
- Competent AutoCAD user
- Competent with modern survey skills suitable for construction lay-out and as-built data collection
- Ability to use Microsoft Office software, specifically Word, Excel and Outlook.

#### Desired:

- Familiar with basic engineering and construction terminology and techniques

### **Conditions of Employment:**

- Must be legally entitled to work in Canada.
- Must possess and maintain a valid Manitoba Class 5 Driver's Licence and vehicle.
- Willing and able to travel throughout the province frequently and work extended hours.
- Willing to work out of the City and stay in hotel for long periods of time.
- Ability to work outdoors and be exposed to extended periods of hot and cold weather conditions.

### **Duties:**

- This position has two distinct job functions, namely; an assistant to the Construction Inspector or assisting the Sr. Drafting Technician. The Construction / Drafting Technician will be required to perform a number of engineering tasks associated with water pipeline construction as well as be a competent AutoCAD user.
- This position will perform surveying activities and general construction supervision duties including but not limited to; verifying the work is in compliance with the plans and specifications, record material quantities and create daily construction activity reports.
- The Construction / Drafting Technician reports to the Construction Superintendent and receives direction from one of the Construction Inspectors when working on construction projects or will receive direction from the Sr. Drafting Technician when performing drawing duties.
