

Field Assistant

AgCall is actively recruiting for a Field Assistant at the Syngenta Research Farm located at Portage la Prairie, Manitoba. This position will start immediately (fulltime with the potential for overtime) until May 31st. The contract may be extended through the summer (limited hours) with increased hours through the harvest season. The successful candidate may be an agriculture student, retired farmer with an itch to get back on the land, or anyone with an understanding of agriculture. This position will be part of the seeding operation. Valid driver's license is required.

About AgCall

For more than 30 years, AgCall has been the leader in providing word-of-mouth and peer influence marketing, sales, service and education solutions to the North American agriculture and food industry. AgCall's strength lies in our ability to influence our client's customers – on the phone, in person, or online. Ultimately, we believe in creating brand awareness, gathering customer intelligence, providing customer service and increasing sales, retention, satisfaction and loyalty. We have a unique approach of mobilizing "Associates" (knowledgeable, trained professionals and peers from within the industry) to be ambassadors and advocates of our client's company and brands. We select our Associates in specific geographies and with specific skill sets according to client needs and customer locations.
