PLUMBER JOURNEYPERSON

Gillam, MB

Manitoba Hydro recognized consistently as one of Manitoba's Top Employers!

Manitoba Hydro is a leader among energy companies in North America, recognized for providing highly reliable service and exceptional customer satisfaction. Join our team of Manitoba's best as we continue to build a company that supports innovation, commitment and customer service.

We are seeking a Plumber Journeyperson to join our Generation Operations and Maintenance Division in Gillam, Manitoba.

You will be responsible for the plumbing and pipefitting duties for equipment associated with Corporate accommodations, office, commercial buildings and grounds.

Responsibilities:

- Responsible for all plumbing installations, maintenance, repairs, modifications and remodeling of existing structures.
- Perform plumbing and pipefitting installation and maintenance on water, sewage, compressed air, heating and air conditioning systems associated with corporate housing, office and camp operations.
- Perform all emergency service on equipment as needed.
- Operate power tools as required to perform the duties of the job.
- Assist in mechanical maintenance on heating boilers, pumps, fans, air compressors, motors and other associated equipment.
- Required to be on standby on a rotational basis.
- Provide direction to junior staff assigned to work area.

Qualifications:

- Grade 10 education or equivalent and possess a Manitoba Certificate of qualification as a Journeyperson Plumber.
- Fully conversant with the building codes and standards laid down for domestic and industrial areas and be certified to test cross connection/backflow prevention devices.
- Extensive knowledge and experience in brazing, welding, and soldering techniques and the application, installation and repair of plastic pipe and fittings.
- Fully conversant with and adhere to safety regulations relative to the trade and Manitoba Hydro safety rules.
- Ability to work cooperatively with other staff and to effectively supervise junior personnel.
- Must be physically capable of performing the duties of the position in all types of conditions both indoors and outdoors.
- Possess an approved set of hand tools.
- Experience with installation of duct work and HRV systems.
- Minimum of one year of experience in the maintenance of plumbing systems associated with commercial and residential installations.
- Ability to work with a minimum of supervision from diagrams, blueprints, manuals, and oral and written instruction.
- Thoroughly conversant with the requirements of the National Plumbing Code and safe working practices.
- Must possess/maintain a valid Province of Manitoba Drivers Licence.

Great Benefits

- Competitive salary and benefits package
- Defined-benefit pension plan
