

Summer Agronomist

Job Description

CORE Ag Inputs – Virden is a growing, locally owned, crop input retail, based out of the community of Virden, MB. Committed to the future of agriculture focused within our local communities. We have an experienced team that provides a wide range of advice for our customer base.

Within a network community of partners with retail across the prairies, we are part of one of the fastest growing retail networks across Western Canada. We work with these partners to bring quality Products and Services to our customers, while still continuing to focus within our own communities needs.

We currently have an opportunity for an Agronomy Summer Student to work with our experienced team. Summer Students are responsible for providing support to our team as well as supporting the efficient and profitable operation of our Growing business.

Responsibilities:

- Assist with crop input retail activities
- Scout crops for weeds, disease and insects
- Soil & tissue testing
- Operate equipment in a safe and efficient manner
- Provide excellent customer service to our farm customers
- Other Duties as assigned

Qualifications:

- Knowledge and Interest of Agriculture
- Self-motivated, organized and detail oriented
- Strong communication and interpersonal skills
- Students or graduates of an Agriculture degree or diploma program focusing on Agronomy,

Plant Science or Soil Science

- Agriculture background is an asset but not required

As our business continues to grow, we will consider a full-time permanent position for the right candidate.

Interested candidates should apply to:

CORE Ag Inputs - Virden
Box 2982
Virden, MB R0M 2C0
