

NextGen Drainage Solutions

Pilot Mound MB

Job Opportunity

Position: Tile Drainage Designer

Regular / Full-Time

Closing Date: Friday, March 4, 2022 at 5PM CT

The Designer applies an understanding of tile drainage and working with geomatics/survey data to produce tile drainage and other designs. Working as part of our complete team, the Designer helps to solve job design, planning, revision, quoting, reviewing and presentation needs.

Comprehensive training is provided, but any education or experience in related fields will be immensely helpful and given hiring preference.

- Must be legally entitled to work in Canada.
- Work is for a company based in Pilot Mound; must be able and willing to travel to Pilot Mound for training, certain meetings, and other in-person events.

Essential Job Functions/Responsibilities:

- Incorporate GPS, GIS, RTK, survey, topography and other data using assorted software to produce tile drainage design and related files.
- Collaborate with other staff to continually improve and streamline the design communication process.
- Maintain records in a project management system.
- Maintain file backups and organization in a shared cloud storage system.
- Perform other duties as assigned or requested.

Education/Experience/Skills:

- An aptitude for data handling and spatial conceptualization is vitally important. Geomatics education/training/experience is a significant asset. NextGen provides training on its preferred software: Trimble Ag Software – WM Subsurface

- Strong attention to detail.
- Ability to manage multiple projects in a collaborative work environment, which during peak busy season can be demanding both in terms of work volume and overtime.
- Strong knowledge of computer functions, Internet and Microsoft Office (Word, Excel, Outlook); responsibility in maintaining a Windows PC.
- Strong communication skills, both verbal and written.
- Ability to do basic math, such as applying concepts of basic algebra and geometry; ability to calculate figures and amounts including: percentages, area, circumference and volume.
- Strong organizational, time management and follow-through skills.

How to apply:

Email greg@nextgendrainage.com with the subject line "Designer Application", using any cover information in the body of the email, and any attachments (e.g. resume) as PDF.

Thank you to all who apply. Only those selected for further consideration will be contacted, by Wednesday, March 9, 2022.
