

WADO

WESTMAN AGRICULTURAL DIVERSIFICATION ORGANIZATION Inc.

139 Main Street, P.O. Box 519

Melita MB R0M 1L0

Field Research Technician

1 Year Term (possibly permanent based on performance)

The Westman Agricultural Diversification Organization is an applied agricultural research group funded by the province of Manitoba that operates in Melita and southwest Manitoba. WADO is seeking flexible, motivated and hardworking Research Technician for the 2022 field season. This one-year term (with possible extension). This is an excellent opportunity to grow with the region, learn new skills, and join an exciting program helping the local & provincial agriculture industry.

Duties

The Diversification Technician provides field operations and technical support to applied crop production and agricultural land management research at Diversification Centres. Responsibilities are to prepare for & execute field experiments in agricultural crops. Activities include file management, land preparation and maintenance, equipment operation & maintenance and crop husbandry related to crop seeding, maintenance, harvest and storage. Activities also include plot data collection, data entry, and assisting with report writing, communication and administrative functions.

Conditions of Employment:

- Must be legally entitled to work in Canada.
- Physically capable of working outdoors in various environmental conditions.
- Able to work extended or flexible hours during peak periods (growing and harvest seasons).
- Must possess and maintain a valid Manitoba class 5F driver's license. Class 3F is an asset.
- Access to a personal vehicle for business purposes.

Qualifications:

Essential:

- Diploma or Degree in Agriculture or a combination of relevant education and experience in field research
- Experience operating and maintaining farm equipment
- Knowledge of crop husbandry practices
- Strong organizational skills and record keeping & proficiency with Microsoft Office applications (Word, Excel, Outlook and PowerPoint)
- Ability to work independently with minimal supervision
- Ability to pay attention to detail and ensure accuracy
- Excellent written & verbal communication skills
- Excellent interpersonal skills with the ability to build and maintain positive working relationships with internal and external stakeholders

Desired:

- Experience supervising staff
- Experience in statistical analysis interpretation
- Experience using auto steer technologies, GPS, RTK guidance systems
- Experience/ licensed with pesticide application

We thank all who apply and advise that only those selected for further consideration will be contacted. Your cover letter, resume and/or application must clearly indicate how you meet the qualifications. Expected start date is as soon as possible.

Closing Date: March 31, 2022

Email Cover Letter and Resume to:
