

We are Hiring!

We are hiring DSS's (Direct Support Specialists)
in Winnipeg!

Under the direction of the Residential Operations Manager, the Direct Support Specialist (DSS) will be responsible for maintaining and promoting physical care to include, menu planning and preparation, medication administration, personal care, activities of daily living, day-to-day house management, record keeping, etc.

The DSS will support individuals by promoting their involvement with family, friends, advocates and the community to ensure that their comfort, safety, and health requirements are being met. The DSS will also encourage individuals to develop individual skills, talents and abilities so that they may have maximum control over their own life.

This is an excellent opportunity to become an integral member of a team within a "family" culture. You will enjoy flexible hours and benefits from continuous opportunities for learning, training and Professional Development.
