

Agronomy Summer Student with Roquette Canada in Manitoba. The successful candidate will be responsible for providing support to our Agronomy and Raw Commodity teams at Roquette Canada, based out of Portage la Prairie. This position will be a summer term from approximately May to September.

Responsibilities:

- Assist with agronomy research data collection in contracted pea fields and demonstration trials for pest presence and crop development
- Soil testing for soil borne disease and collection of plant samples for analysis
- Data entry to support our traceability program
- Operate equipment in a safe and efficient manner
- Provide excellent customer service to our farm customers

Qualifications:

- Strong interest and knowledge of Agriculture
- You have knowledge of farm related goods and experience in a farm environment
- Highly self-motivated, organized and detail oriented
- Strong communication and interpersonal skills
- You have at a minimum a Class 5 Valid Drivers license
- Students of an Agriculture degree or diploma program focusing on Agronomy, Plant Science or Soil Science preferred, but those with a farm background will also be considered.

Roquette Canada provides an excellent compensation package consisting of competitive salary and training and career development opportunities.

Interested candidates should apply by **April 26, 2022 or earlier**.
